

B04 PETITE —

BARiL

STYLE × FUNCTION

Born from the desire to offer a versatile and timeless product, reminiscent of the ubiquitous little (PETITE) black dress, this collection will seduce you by its simplicity. Composed of accessible faucets and accessories, PETITE displays delicate and refined lines, yet is built with solid premium components. This collection is available in a wide range of finishes, including our new Black Titanium (KM).

quality

High flow rate —

Our bath spouts have very advantageous flow rates that will fill your tub faster than you expect; only 5 minutes 30 seconds for 150 l!

BARiL

STYLE × FUNCTION

Bath spout laminator

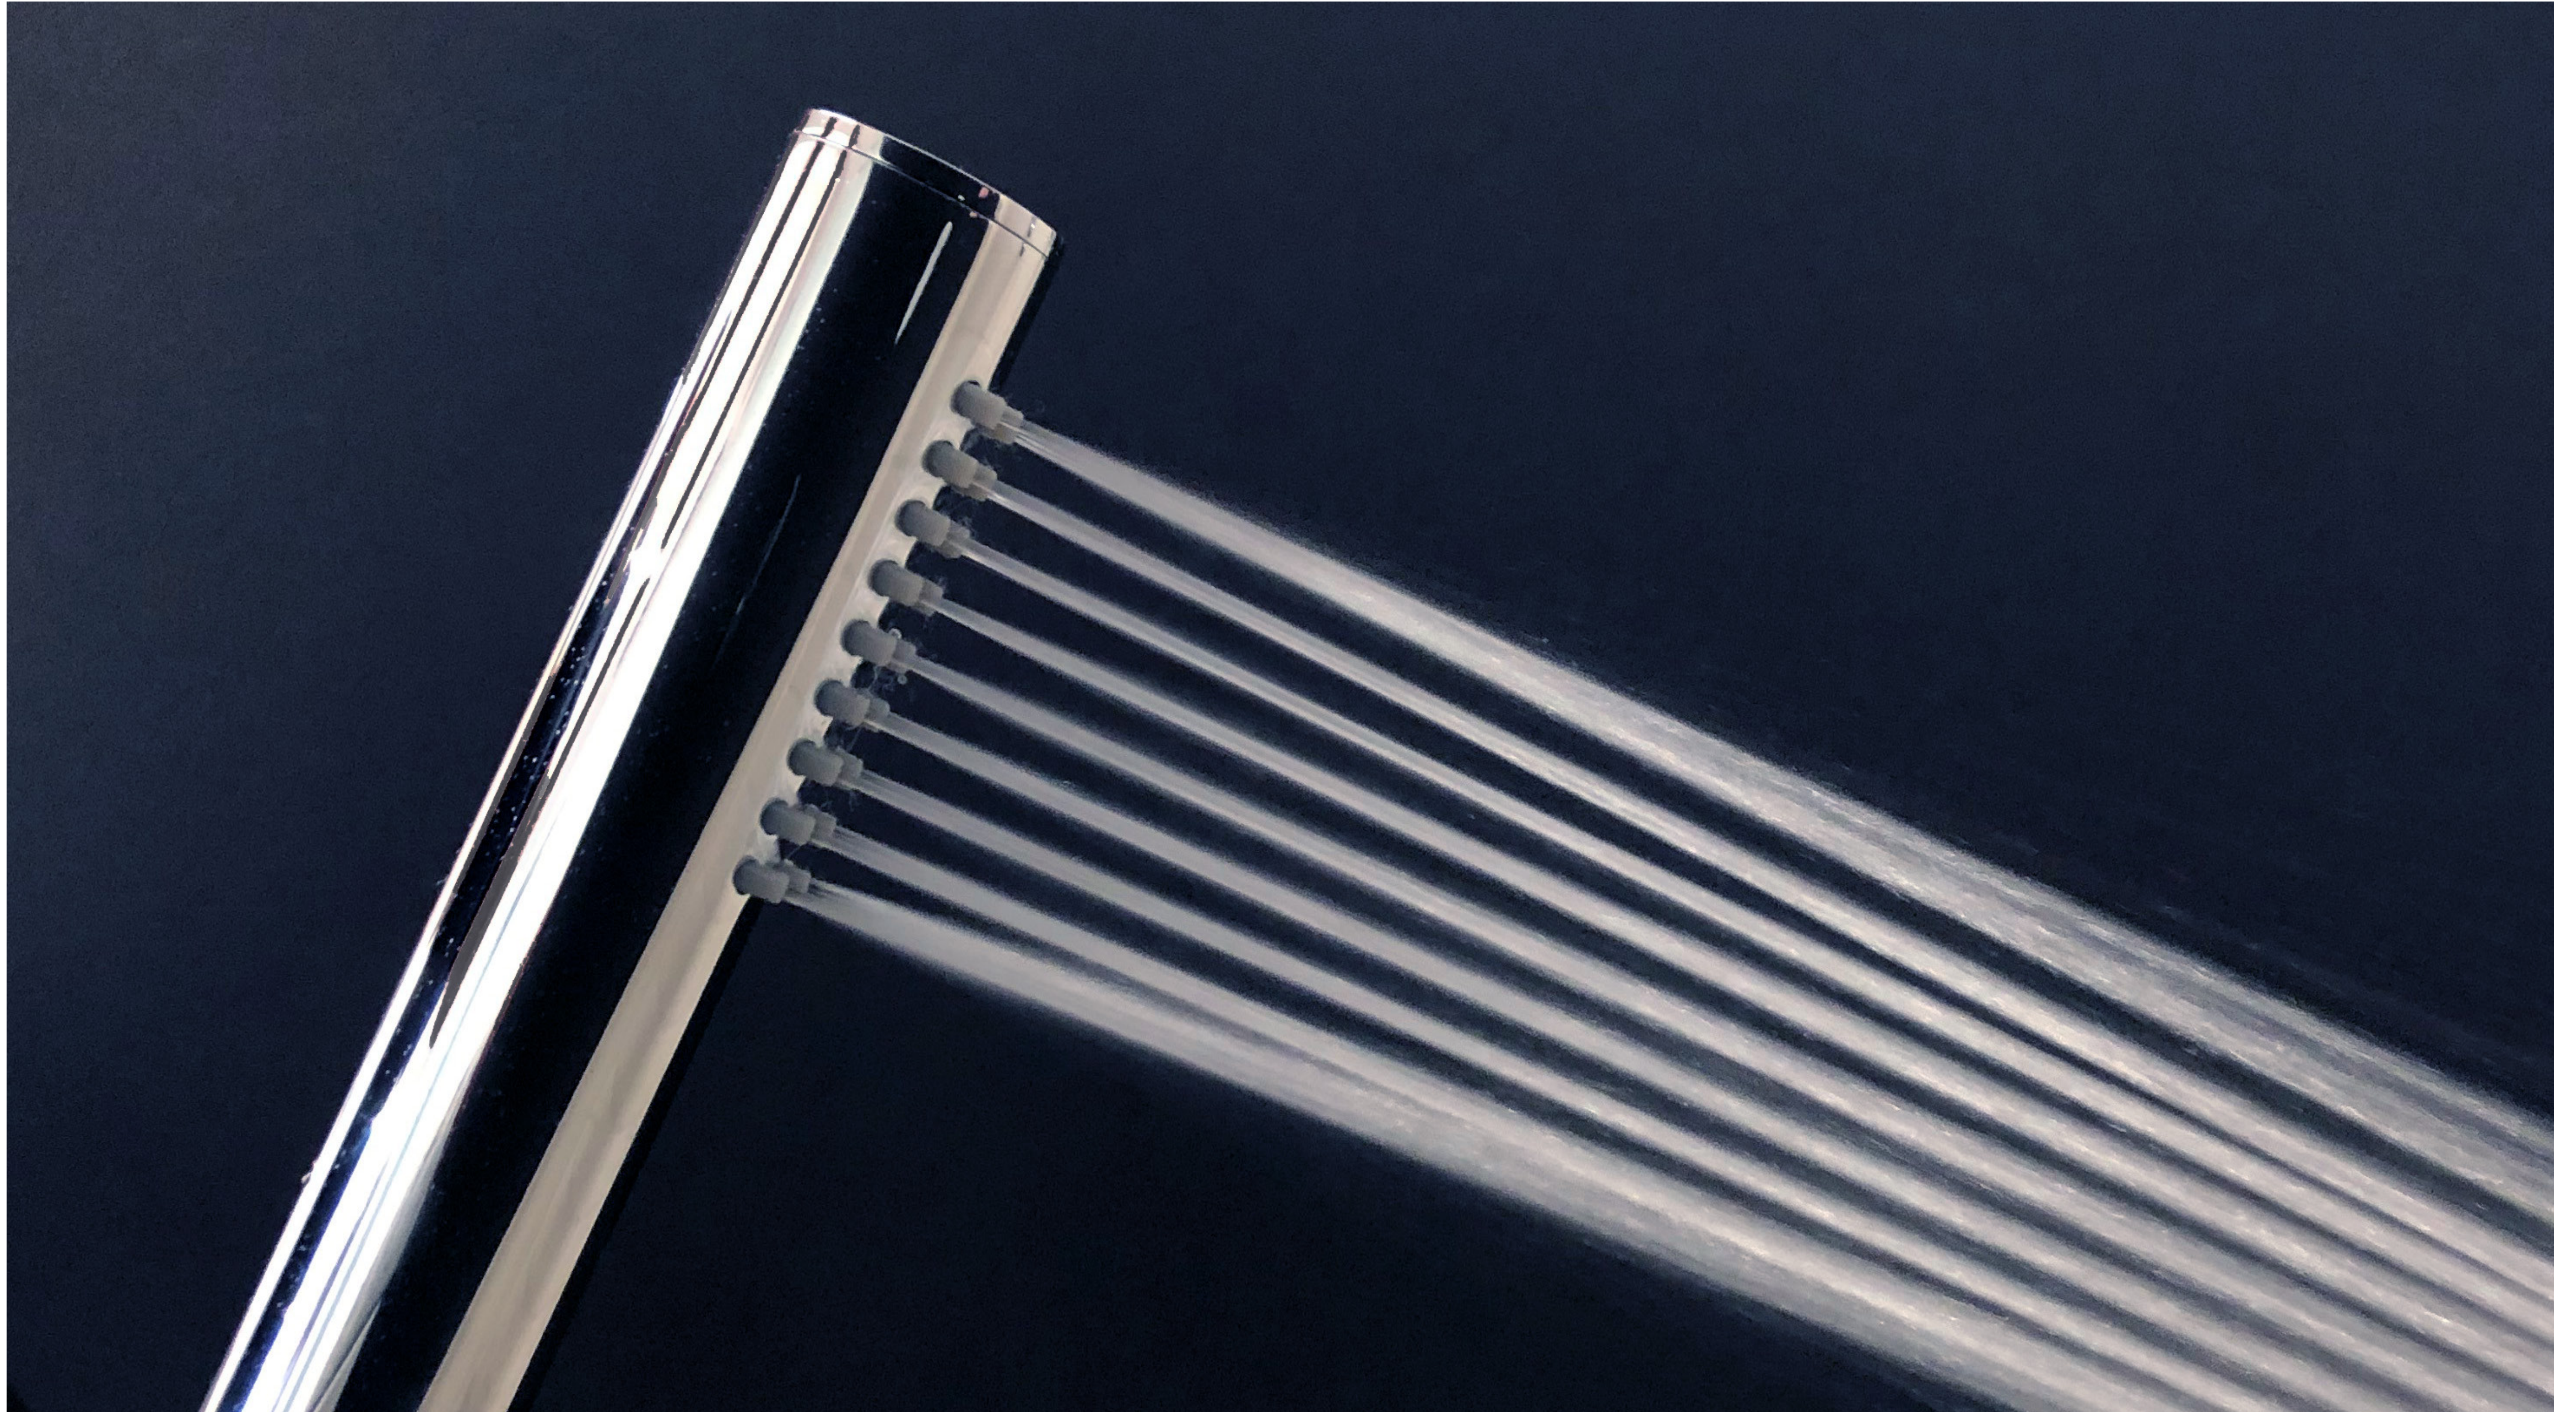

This bath spout is equipped with a laminator that allows a beautiful crystal clear and splash-free stream.

High quality spray —

The anti-limestone silicone nipples produce steady, soft and comfortable jets. One more reason to love them? They are easy to maintain! Simply rub the nipples with your fingertip to clean them.

BARiL

STYLE × FUNCTION

Ecological Options (Hand shower)

BARiL is supporting the environment by offering options to reduce the water flow thereby economising your water usage

B04-1100-00-xx	B04-1100-00-xx-175	B04-1100-00-xx-150
2.0 gpm - 80 psi 7,6 l/min - 80 psi	1.75 gpm - 80 psi 6,6 l/min - 80 psi	1.5 gpm - 80 psi 5,7 l/min - 80 psi

Built-in hook —

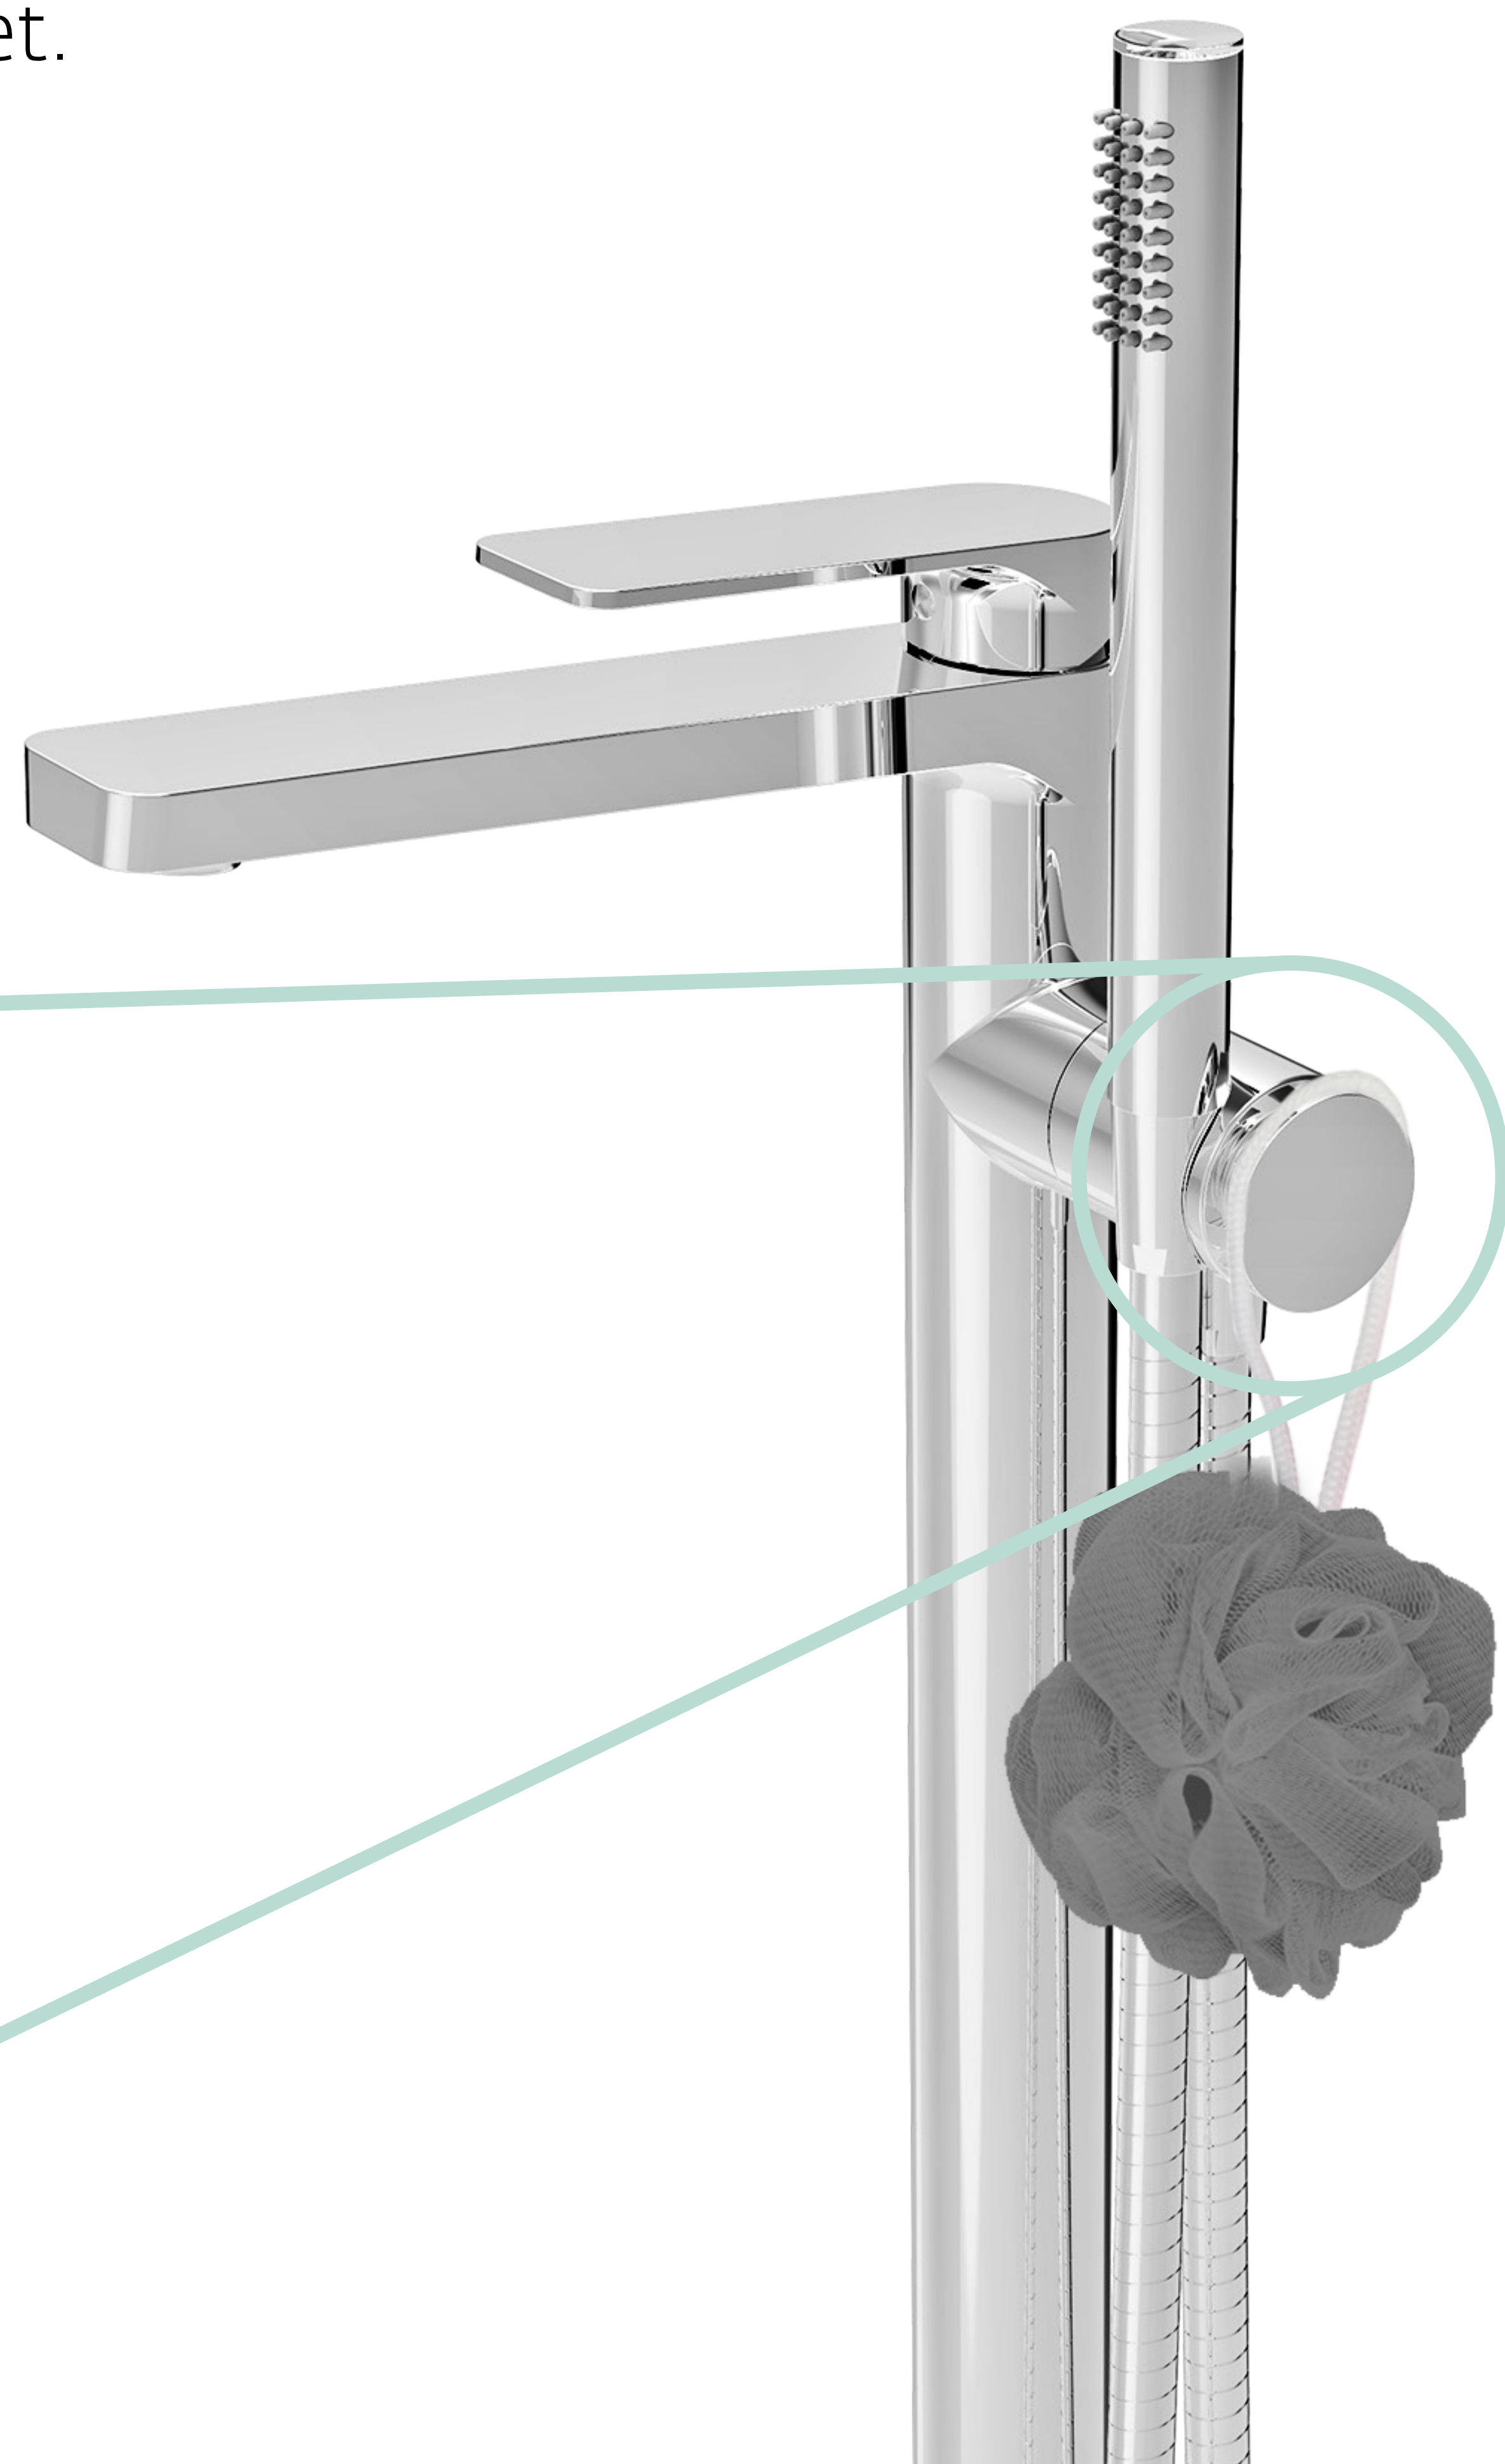

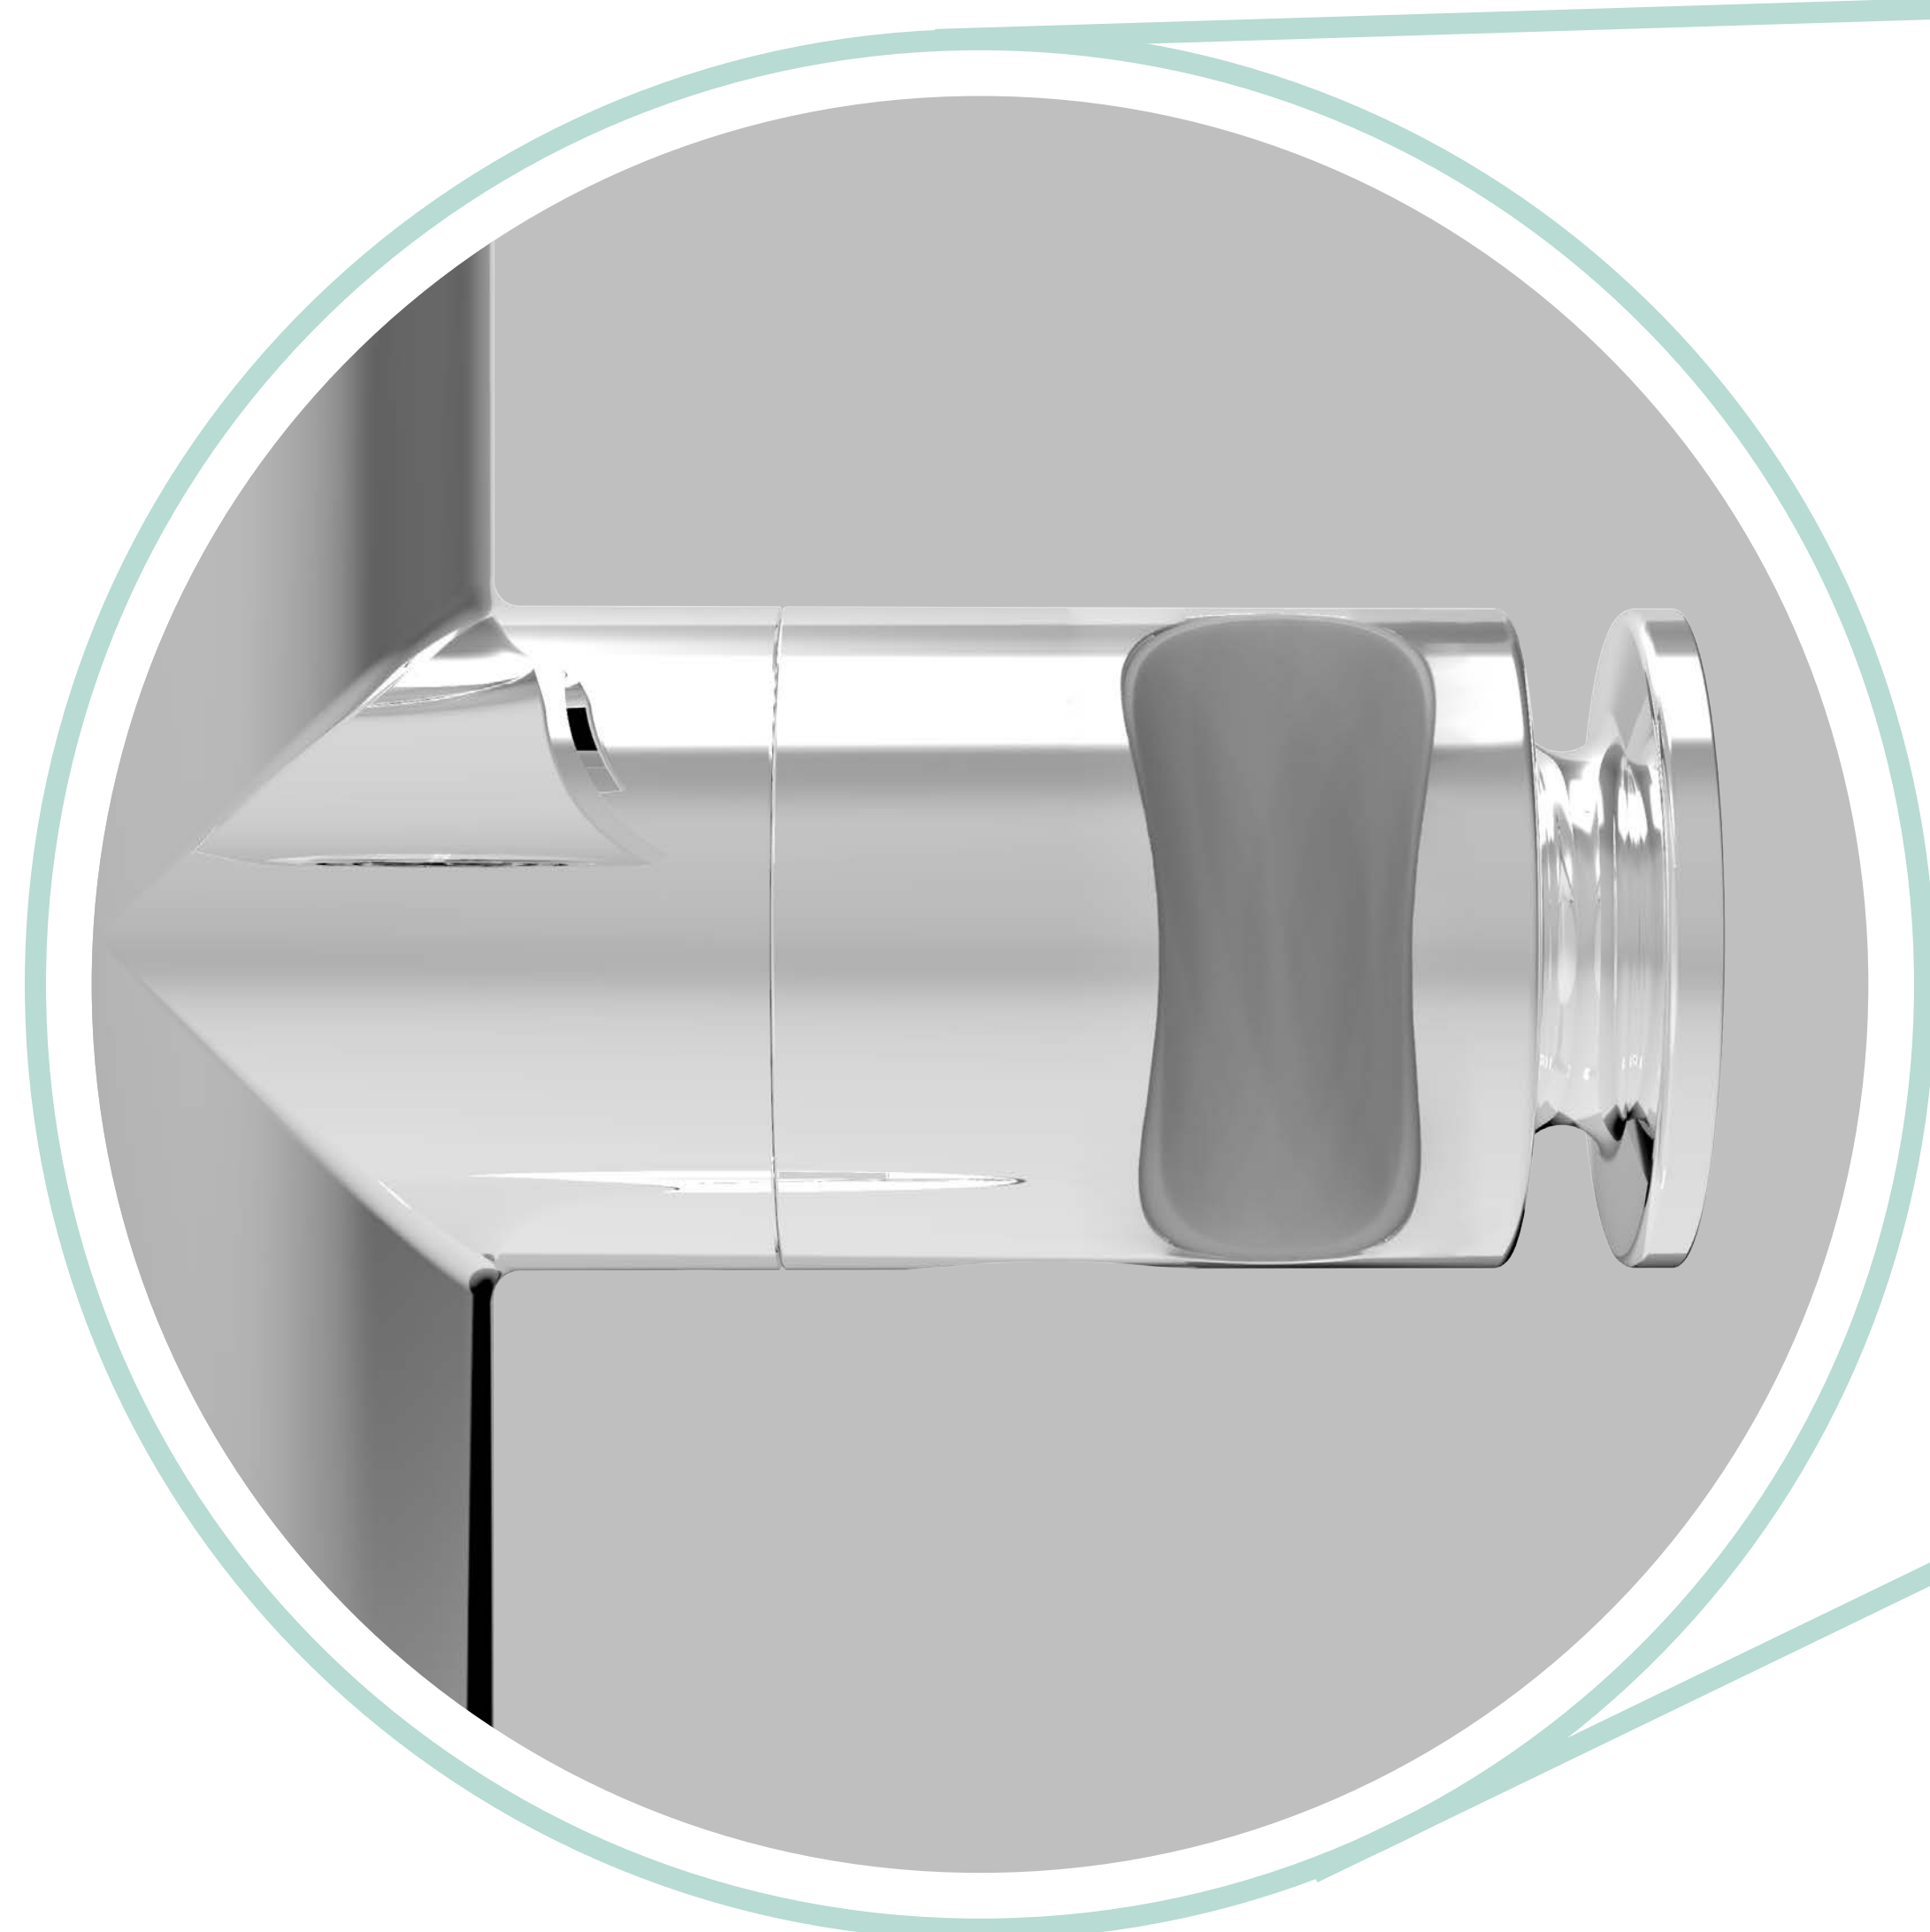

Yet another example of BARiL's smart design, the swivel shower holder features a built-in hook. While it's perfect to hang your towel, loofah or any bath accessory, you can also leave it empty and it will remain very discreet.

BARiL

STYLE × FUNCTION

Silicone protector

Added in the shower holder, it prevents any wear of the chromed nut

Attention to Detail

BARiL faucets are designed with both style and function in mind. The perfect alignment of moving parts like the handle versus the body, as well as the inclination of the spout enhancing ergonomics, are only two examples of our dual design thinking.

BARiL

STYLE × FUNCTION

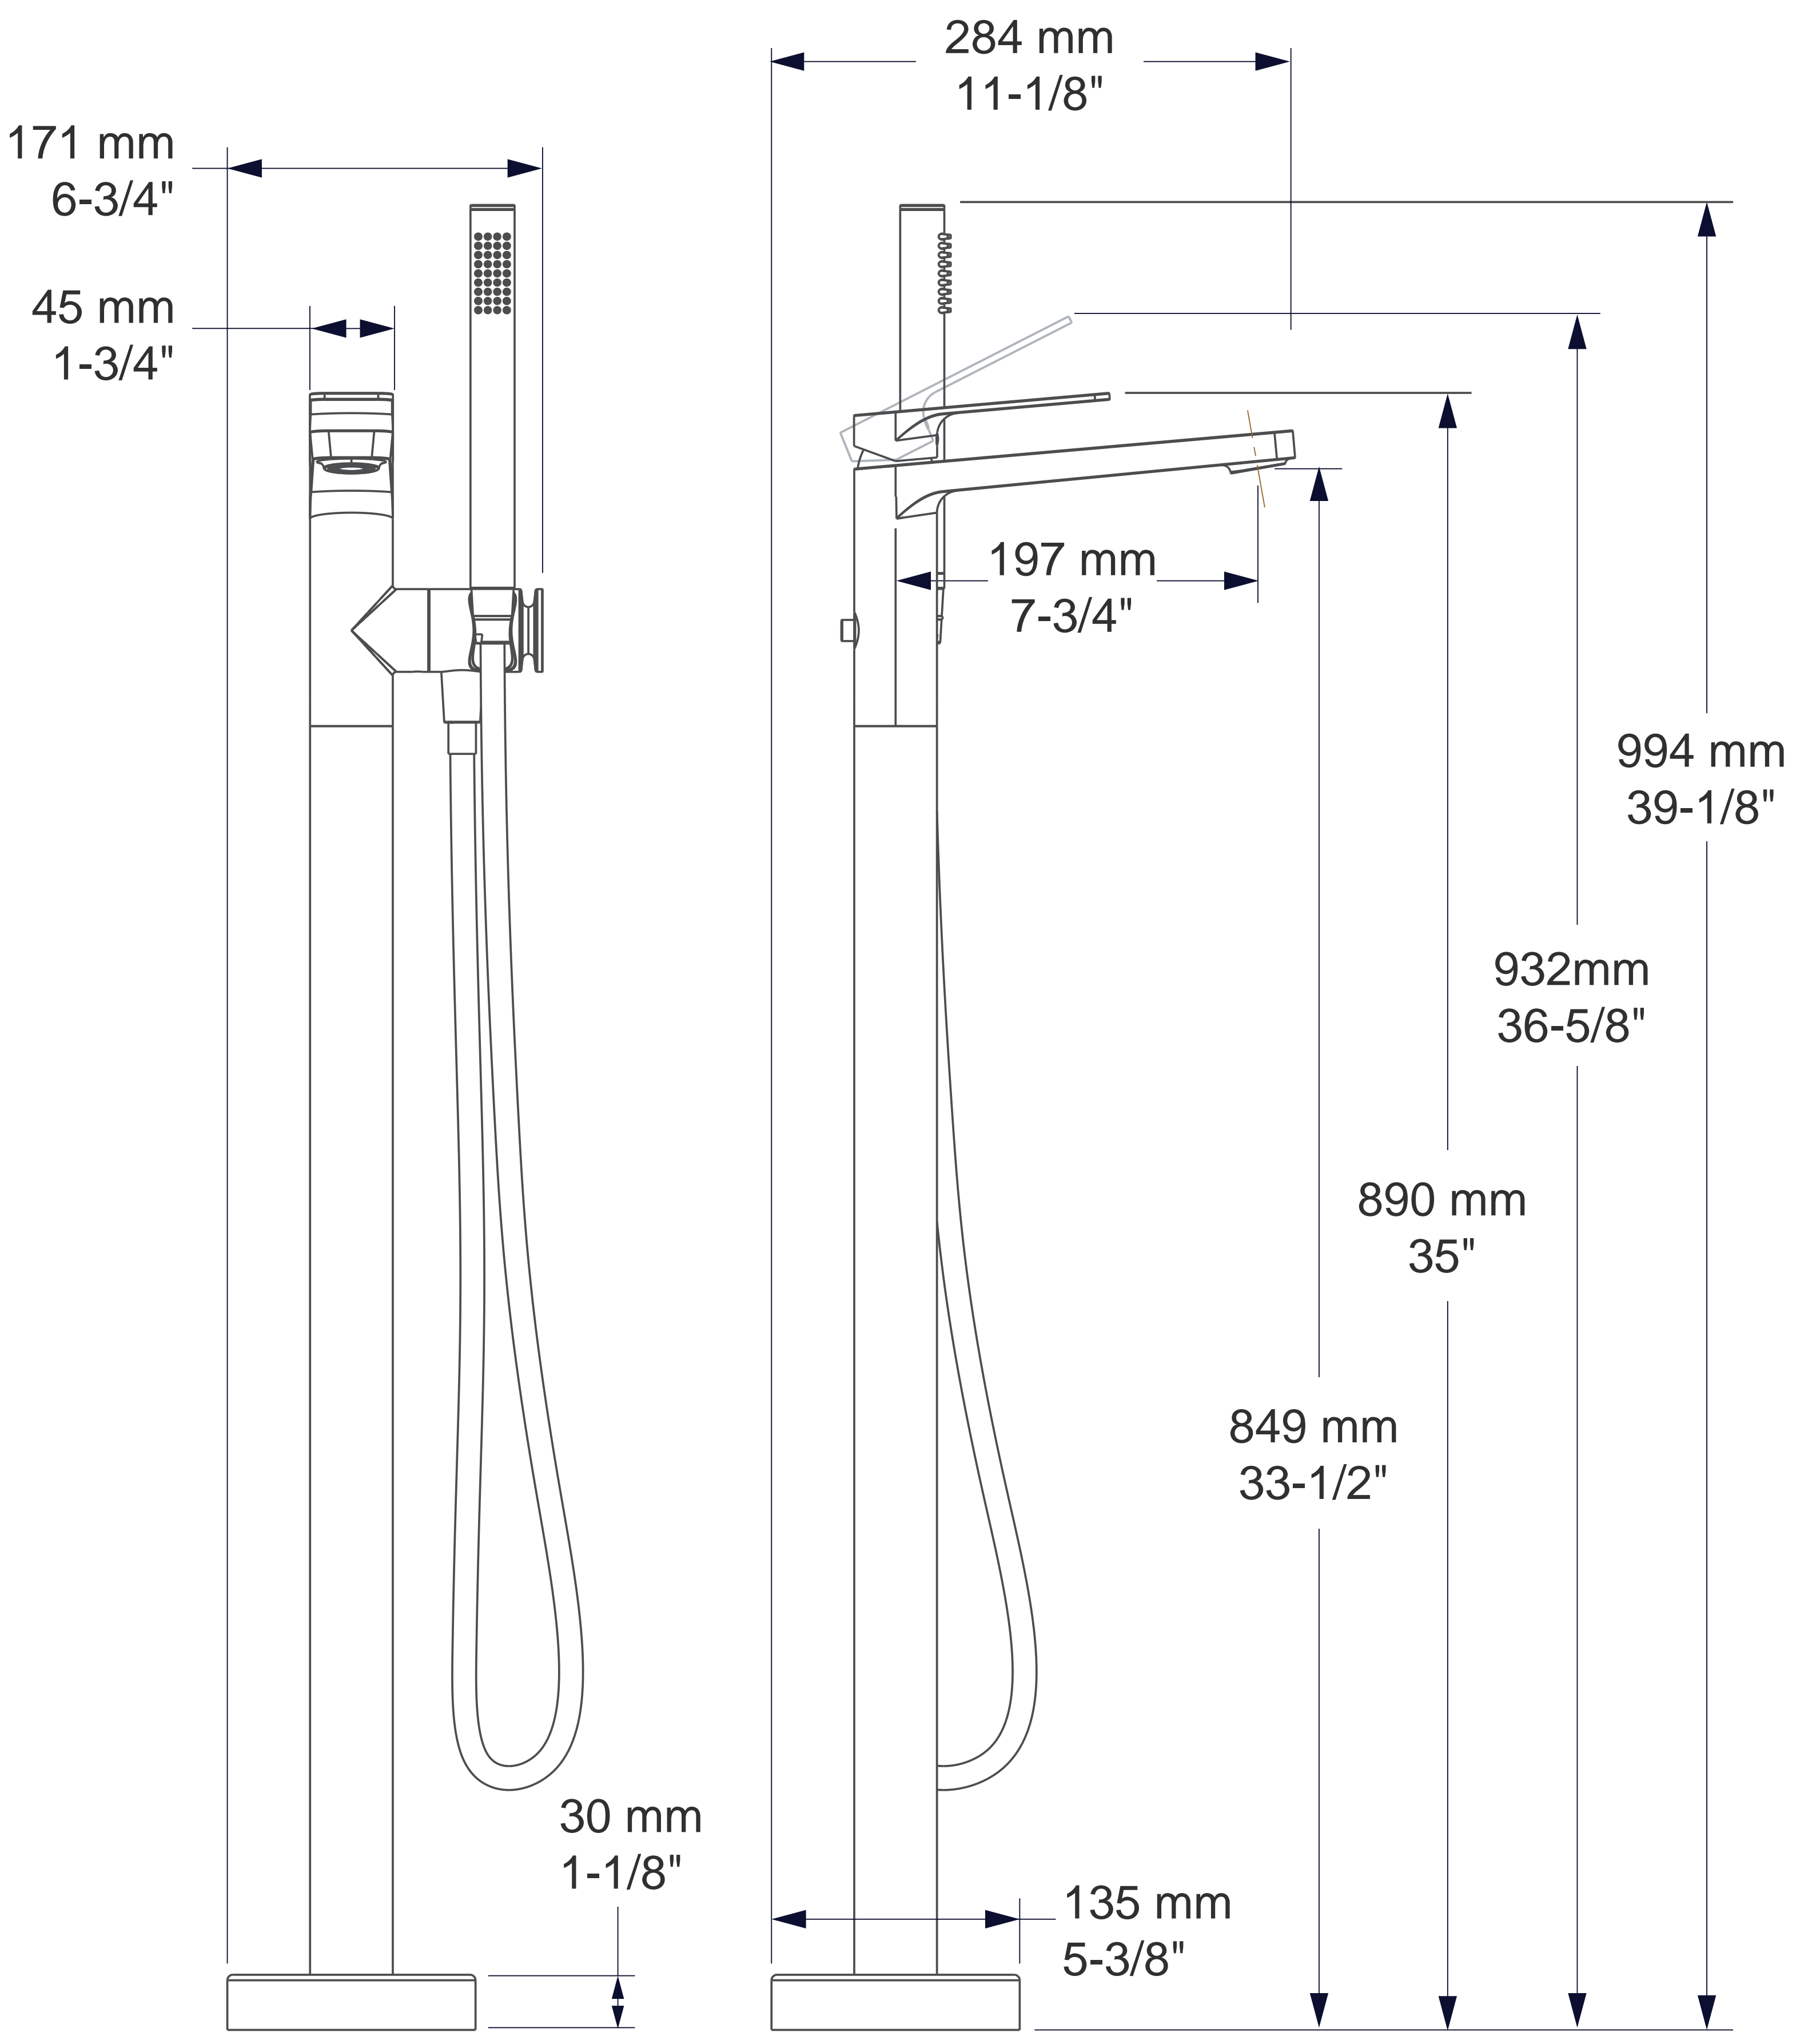

Dimensions:

Model: B04-1100-00-xx

Faucet height: 35"

Laminator clearance: 33-1/2"

Spout reach: 7-3/4"

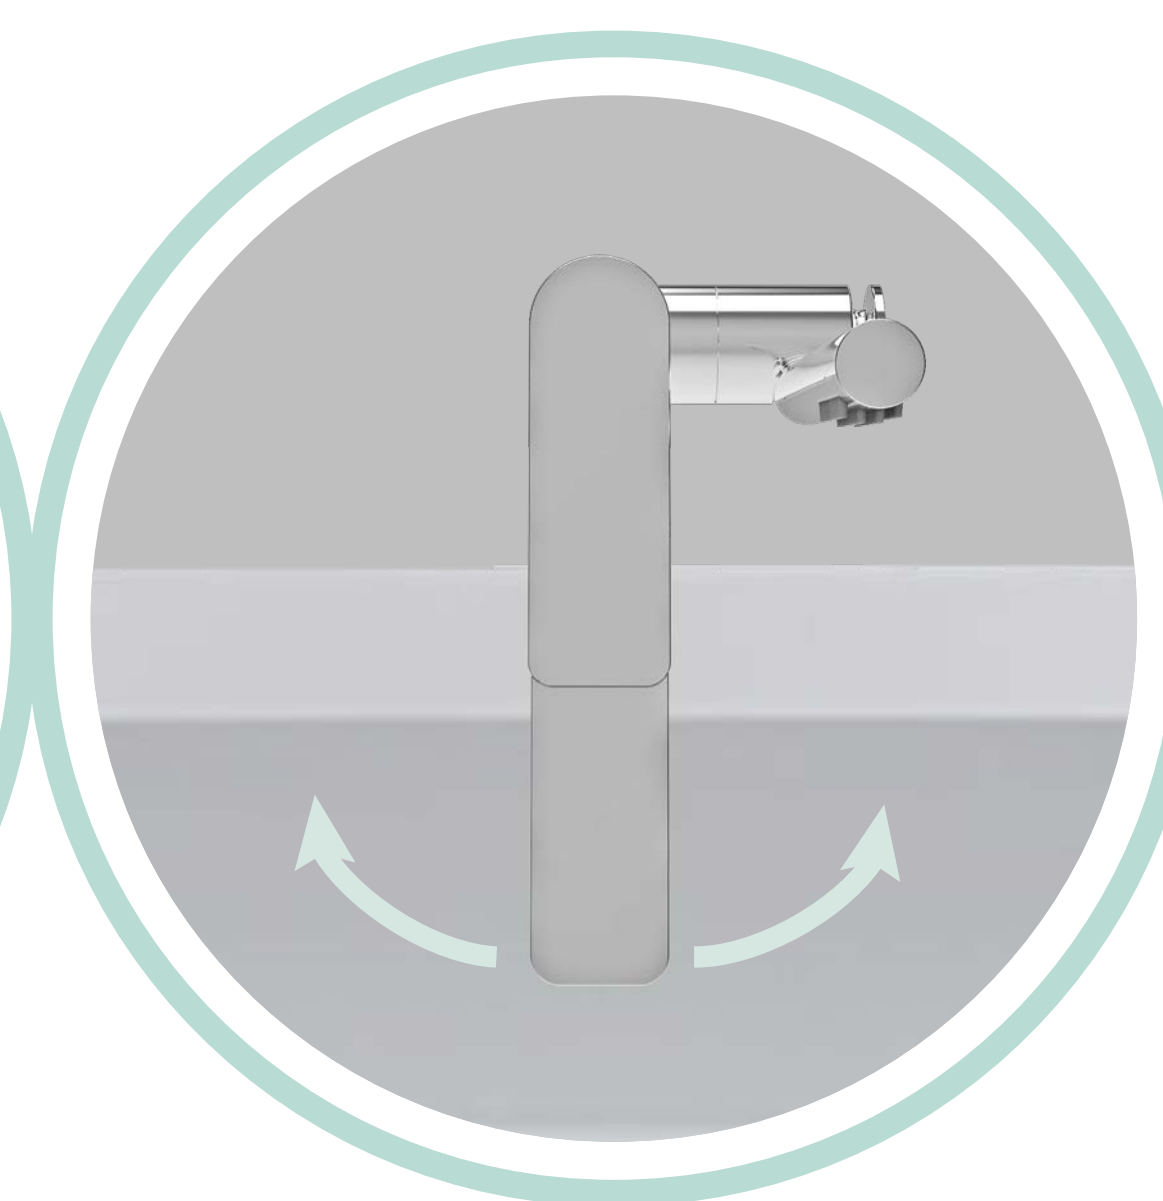

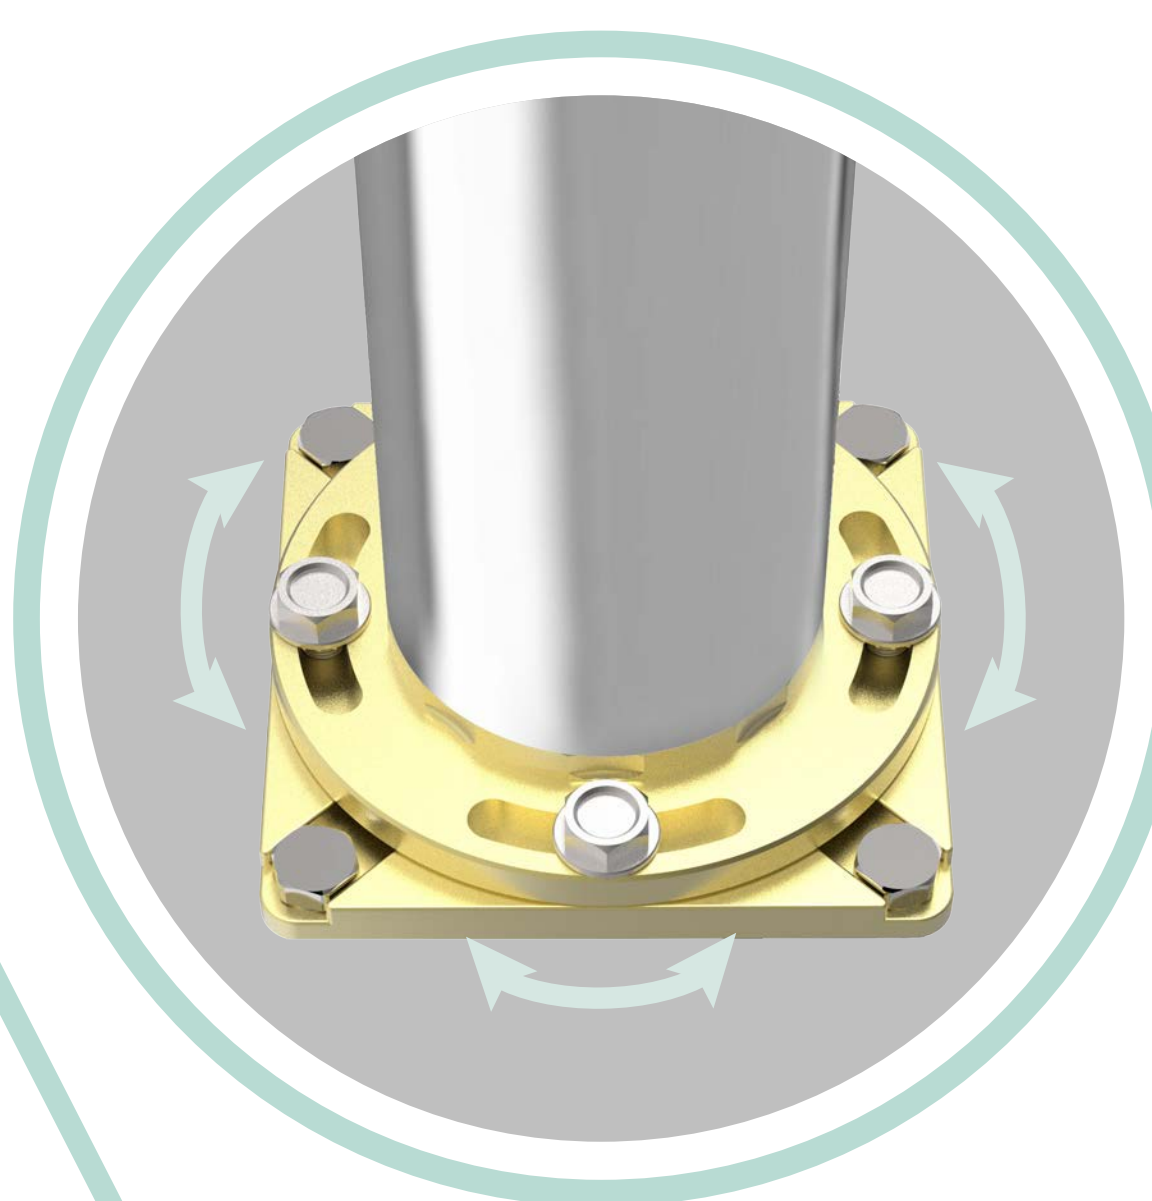

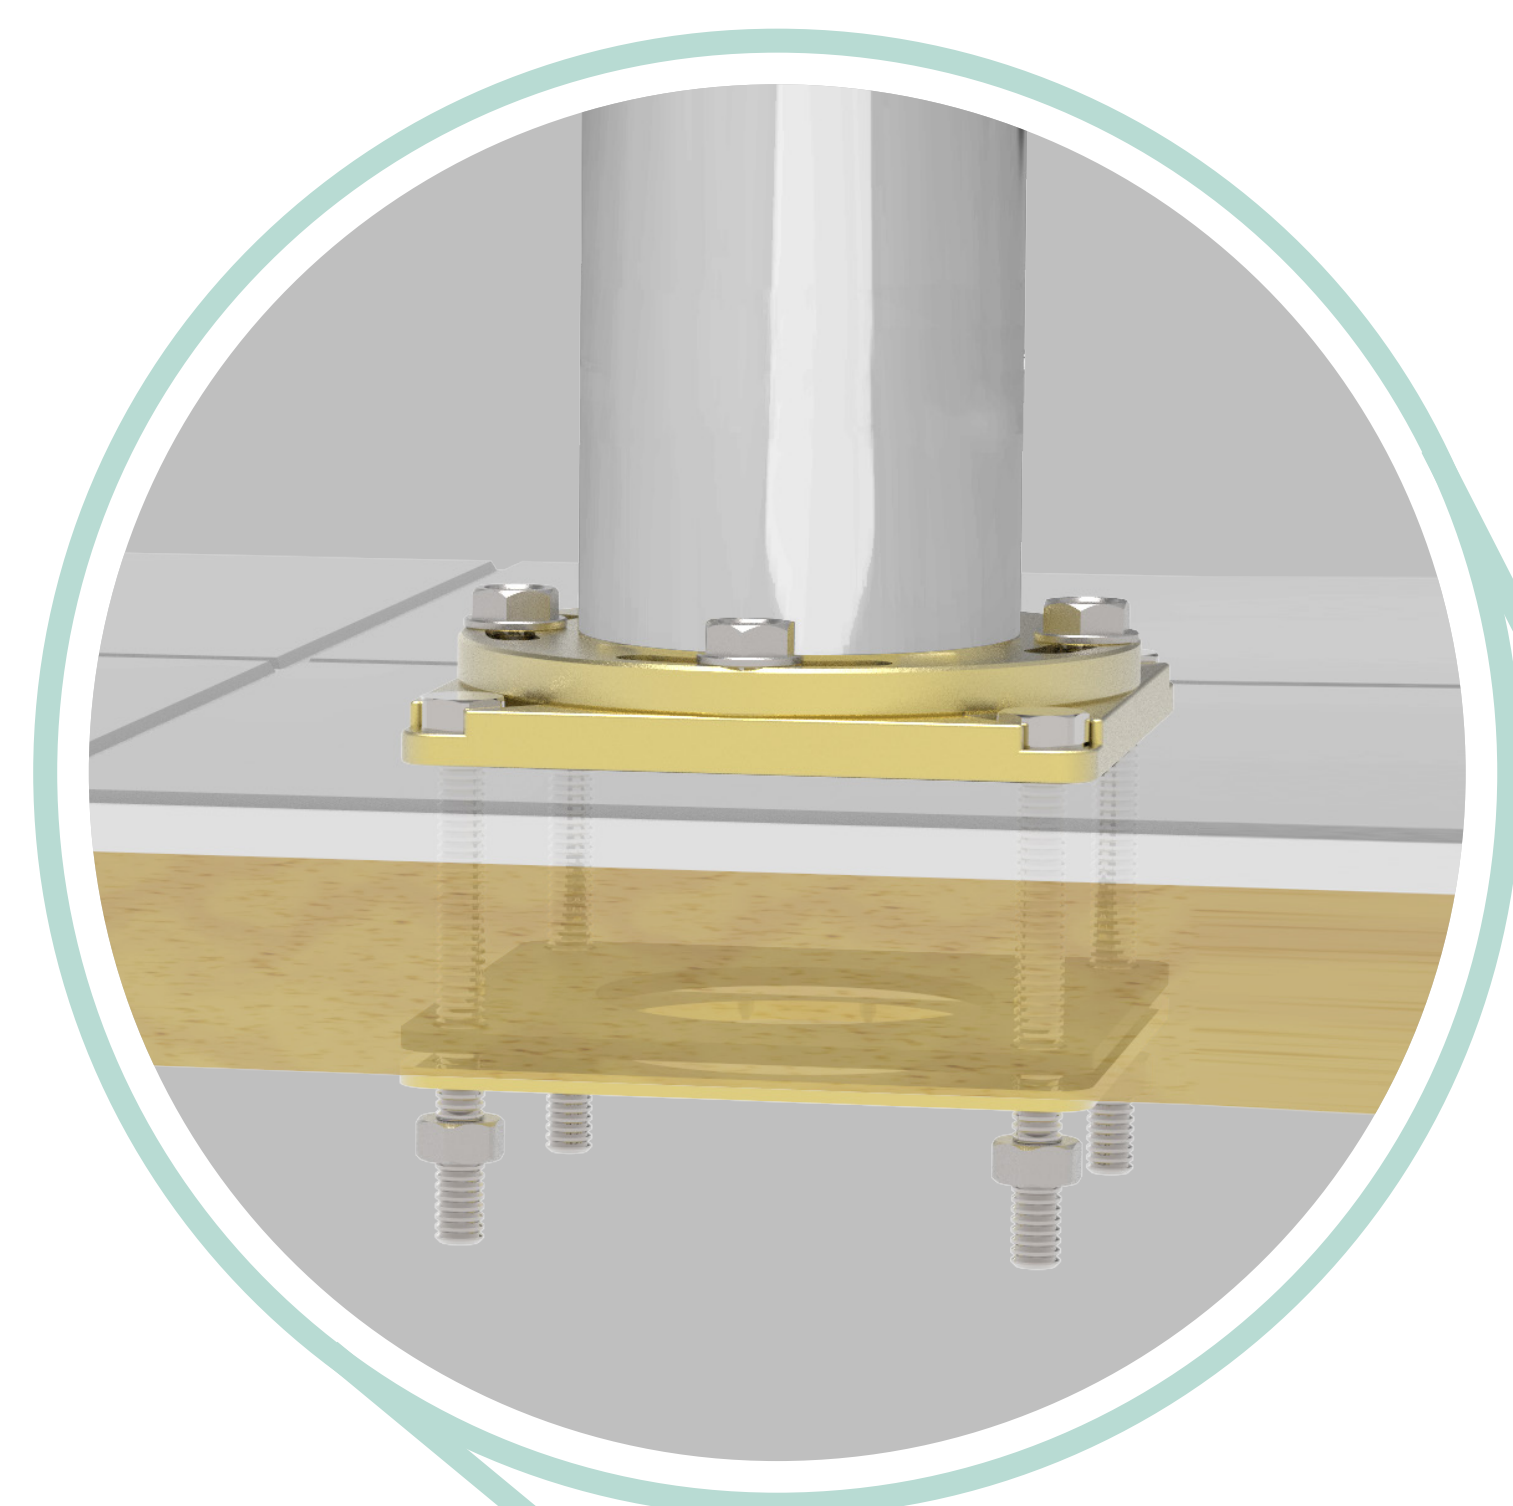

Easy installation —

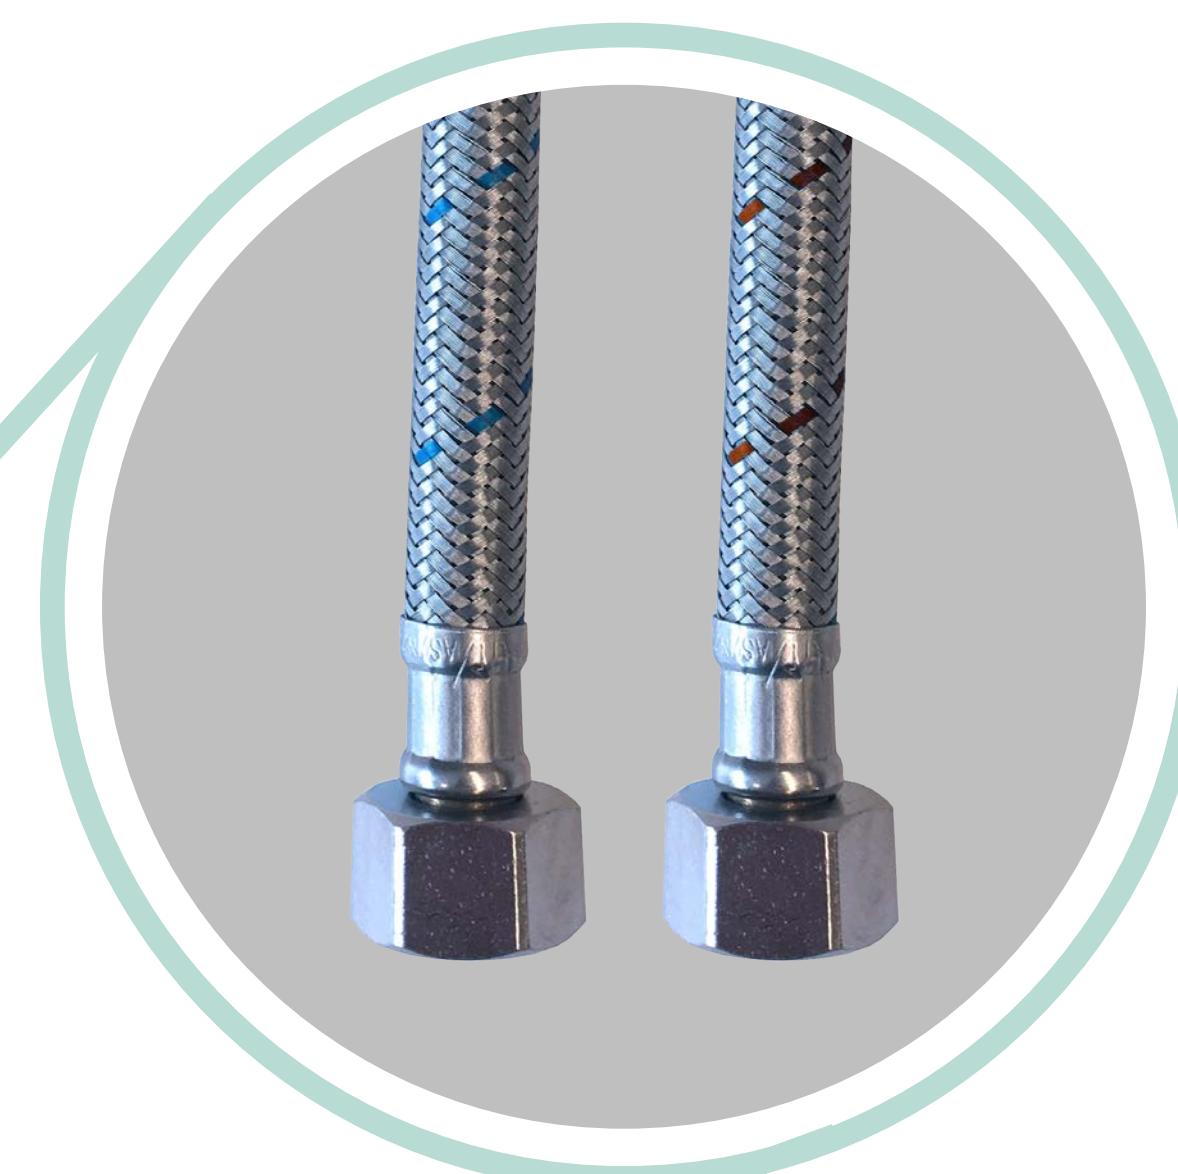

Very sturdy installation thank to thick brass plates, with or without access underneath the floor. The installation can be made easily by a person alone (self-blocking screws). The direction of the spout versus the tub can be adjusted at the end of the installation. Then, simply slip down the flange and you are done!

BARiL

STYLE × FUNCTION

Adjustment of the spout direction

Inlet hoses

Flexible inlet hoses easy to connect to the water inlets. They feature robust conical gaskets in the connection nuts.

Push-button diverter

BARiL

STYLE × FUNCTION

Discreetly located on the back, the push-button diverter takes nothing away from the stream-lined look of the faucet. It can also be easily removed in one piece, which makes it easy to use and to maintain.
