

B45 SENS —

BARiL

STYLE × FUNCTION

The SENS Collection will seduce you with the SENSuality of its design. The very harmonious lines of this faucet are consistent with the current round-square trend. In addition to being pleasant to touch thanks to its ergonomic shape, its modern design with softer and warmer curves fits as much with a large square sink as it does with an oval classic washbasin.

Wall-mounted tub faucet
with hand shower

BARiL

STYLE × FUNCTION

Comfortable spray

Many jets on a large surface
result in a high comfort of use

Plastic hand shower

Very light and does
not conduct heat

Easy installation

Very sturdy and easy
installation thanks to
the one-piece rough

43" extensible brass hose

Very durable, soft to the touch,
extensible for the ease of use
but does not lay on the
bottom of the tub

Integrated diverter

Robust and easy to use, the
push-button diverter can also
be locked in pushed position

European cartridge

Made with high
performance ceramic, this
cartridge is amongst the
most durable on the market

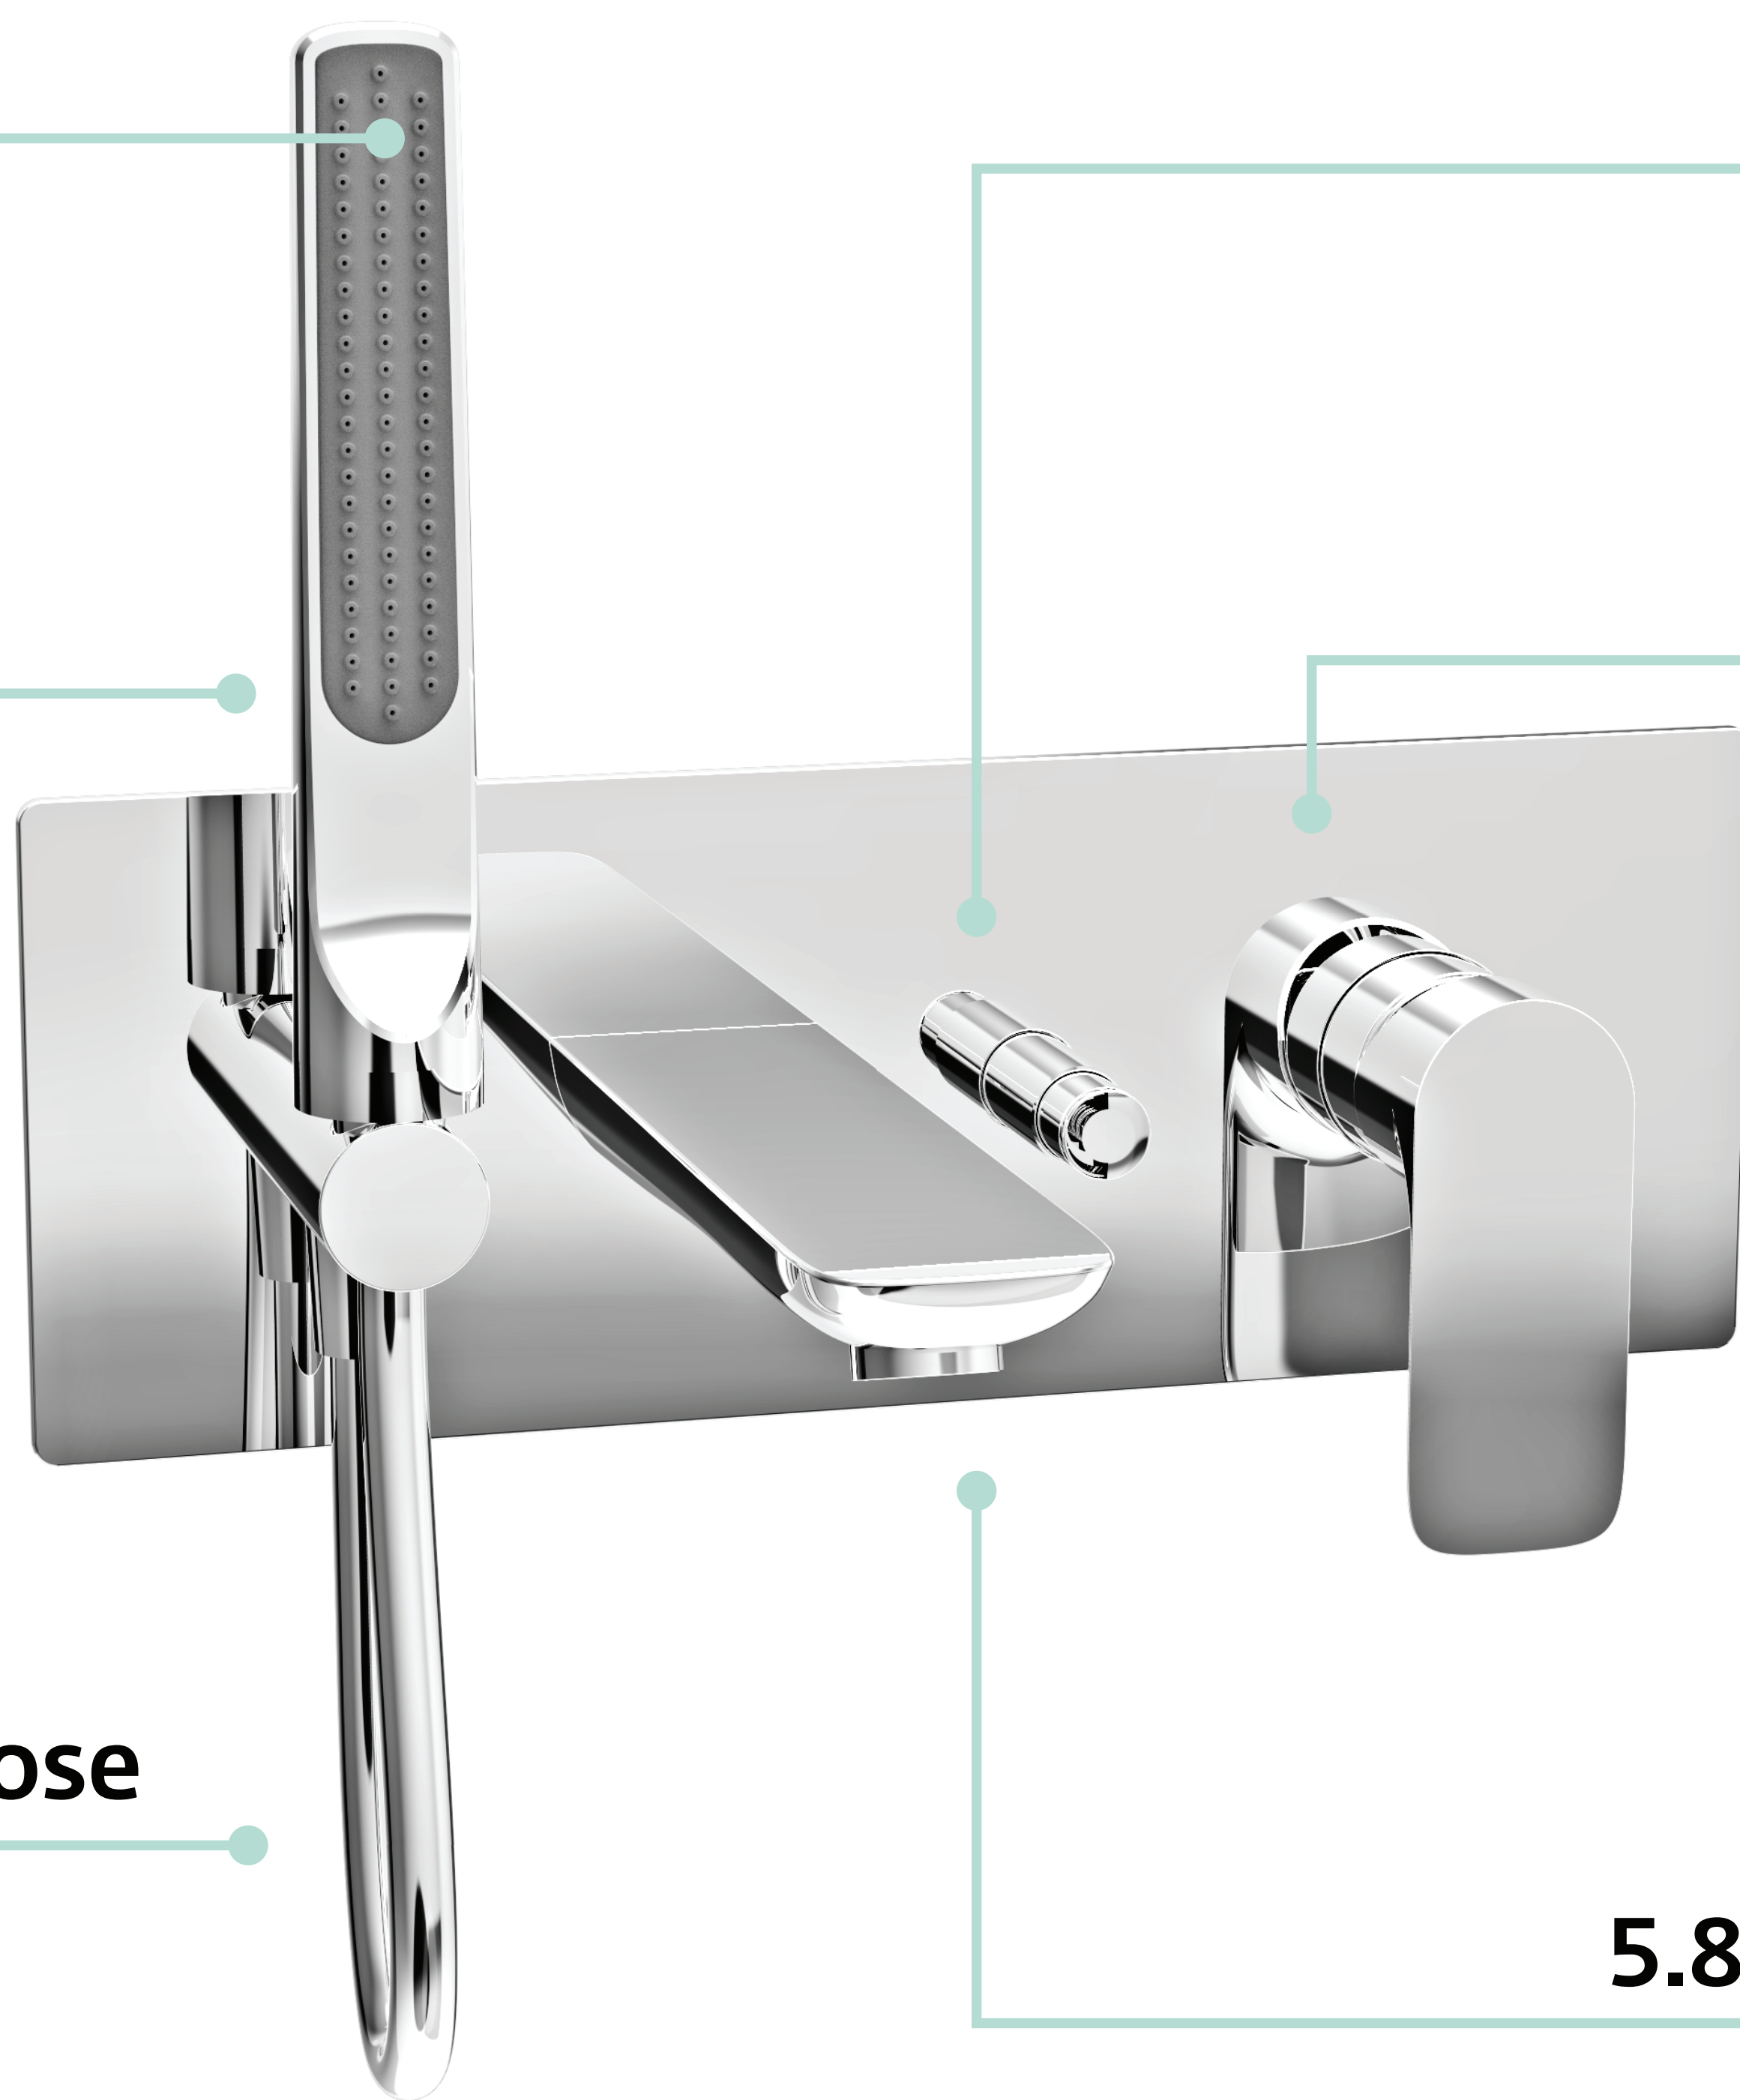

High quality material

BARiL faucets last longer
because they are forged of solid
brass thicker than average

Good flow rate —

This bath spout will fill your tub in about 6 minutes 45 seconds for 150 l.

BARiL

STYLE × FUNCTION

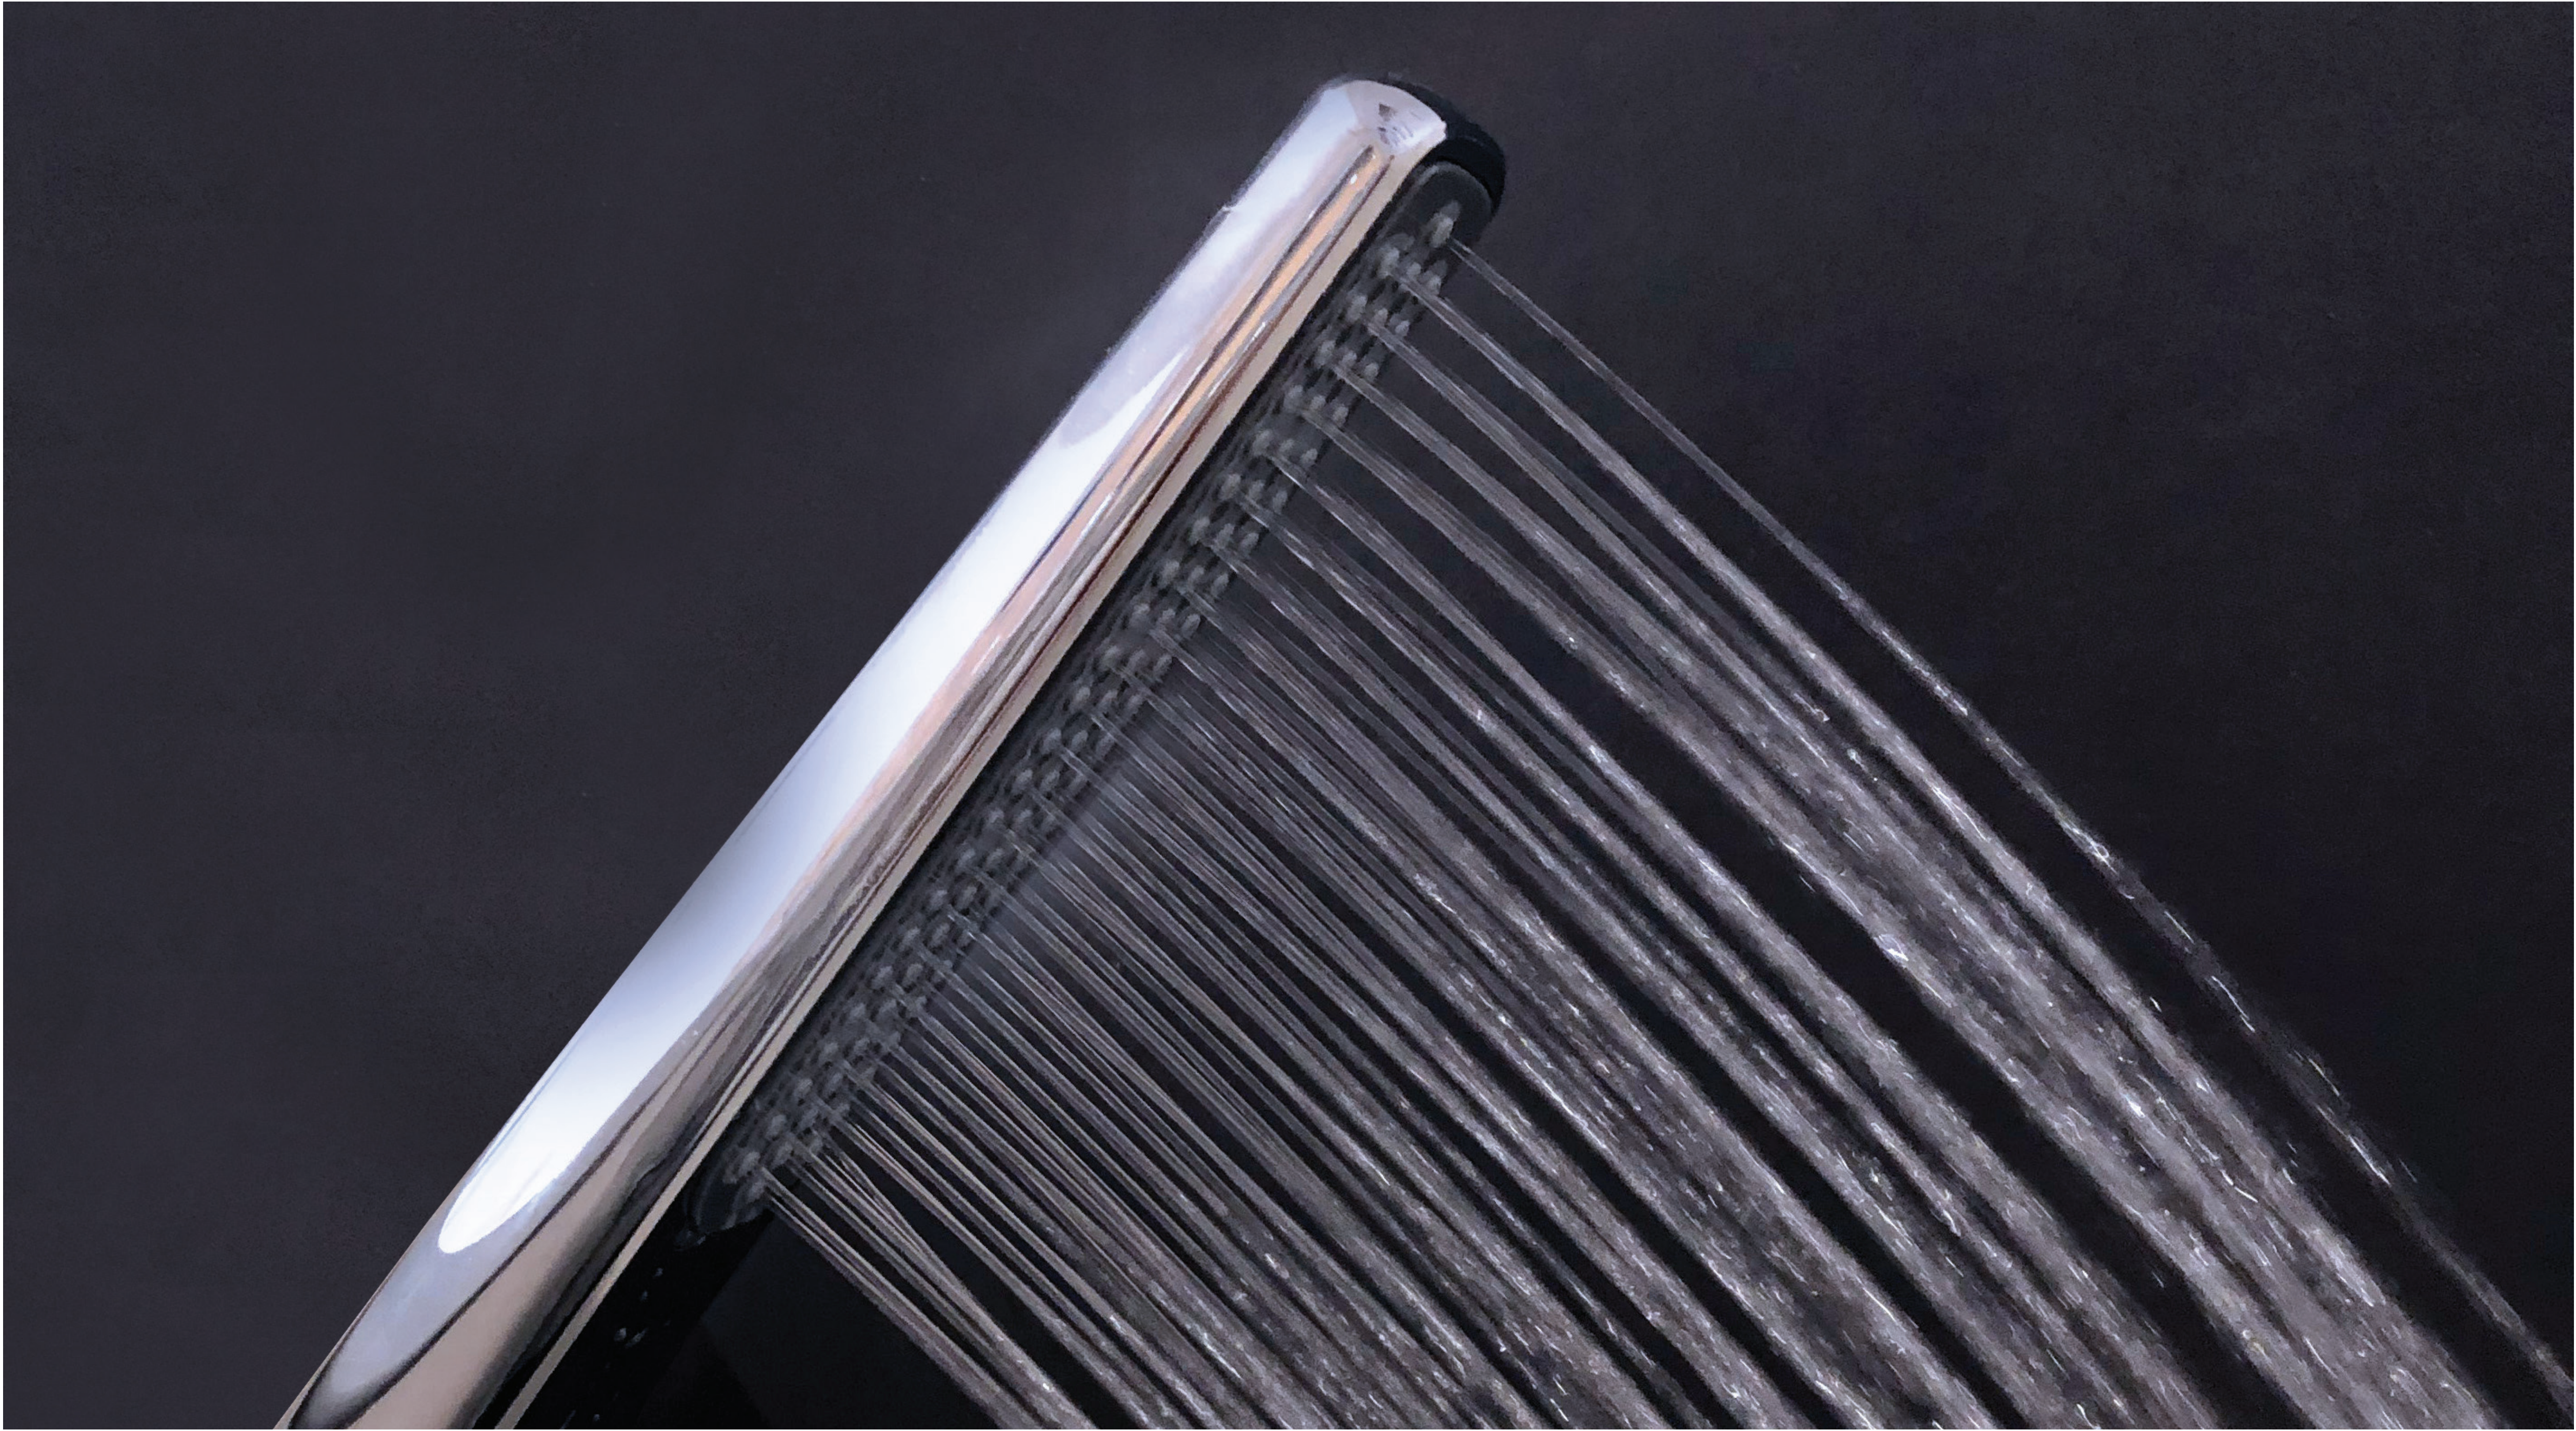

Bath spout laminator

This bath spout is equipped with a laminator that allows a beautiful crystal clear and splash-free stream.

High quality spray—

This handshower provides steady, soft and comfortable jets. With over 65 jets on a large surface, the comfort of use is unparalleled!

Ecological Options (Hand shower)

BARiL is supporting the environment by offering options to reduce the water flow thereby economising your water usage

2.0 gpm - 80 psi 7,6 l/min - 80 psi	1.75 gpm - 80 psi 6,6 l/min - 80 psi	1.5 gpm - 80 psi 5,7 l/min - 80 psi

Integrated Diverter

Robust and visually pleasing, this practical push-button diverter can be locked in the pushed position. To lock it, simply push and turn of a quarter clockwise. To unlock it, just turn it again. It could not be simpler.

BARiL

STYLE × FUNCTION

Attention to Detail

BARiL faucets are designed with both style and function in mind. The perfect alignment of moving parts like the handle versus the plate, as well as the beauty of the thin, solid brass plate, are only two examples of our dual design thinking.

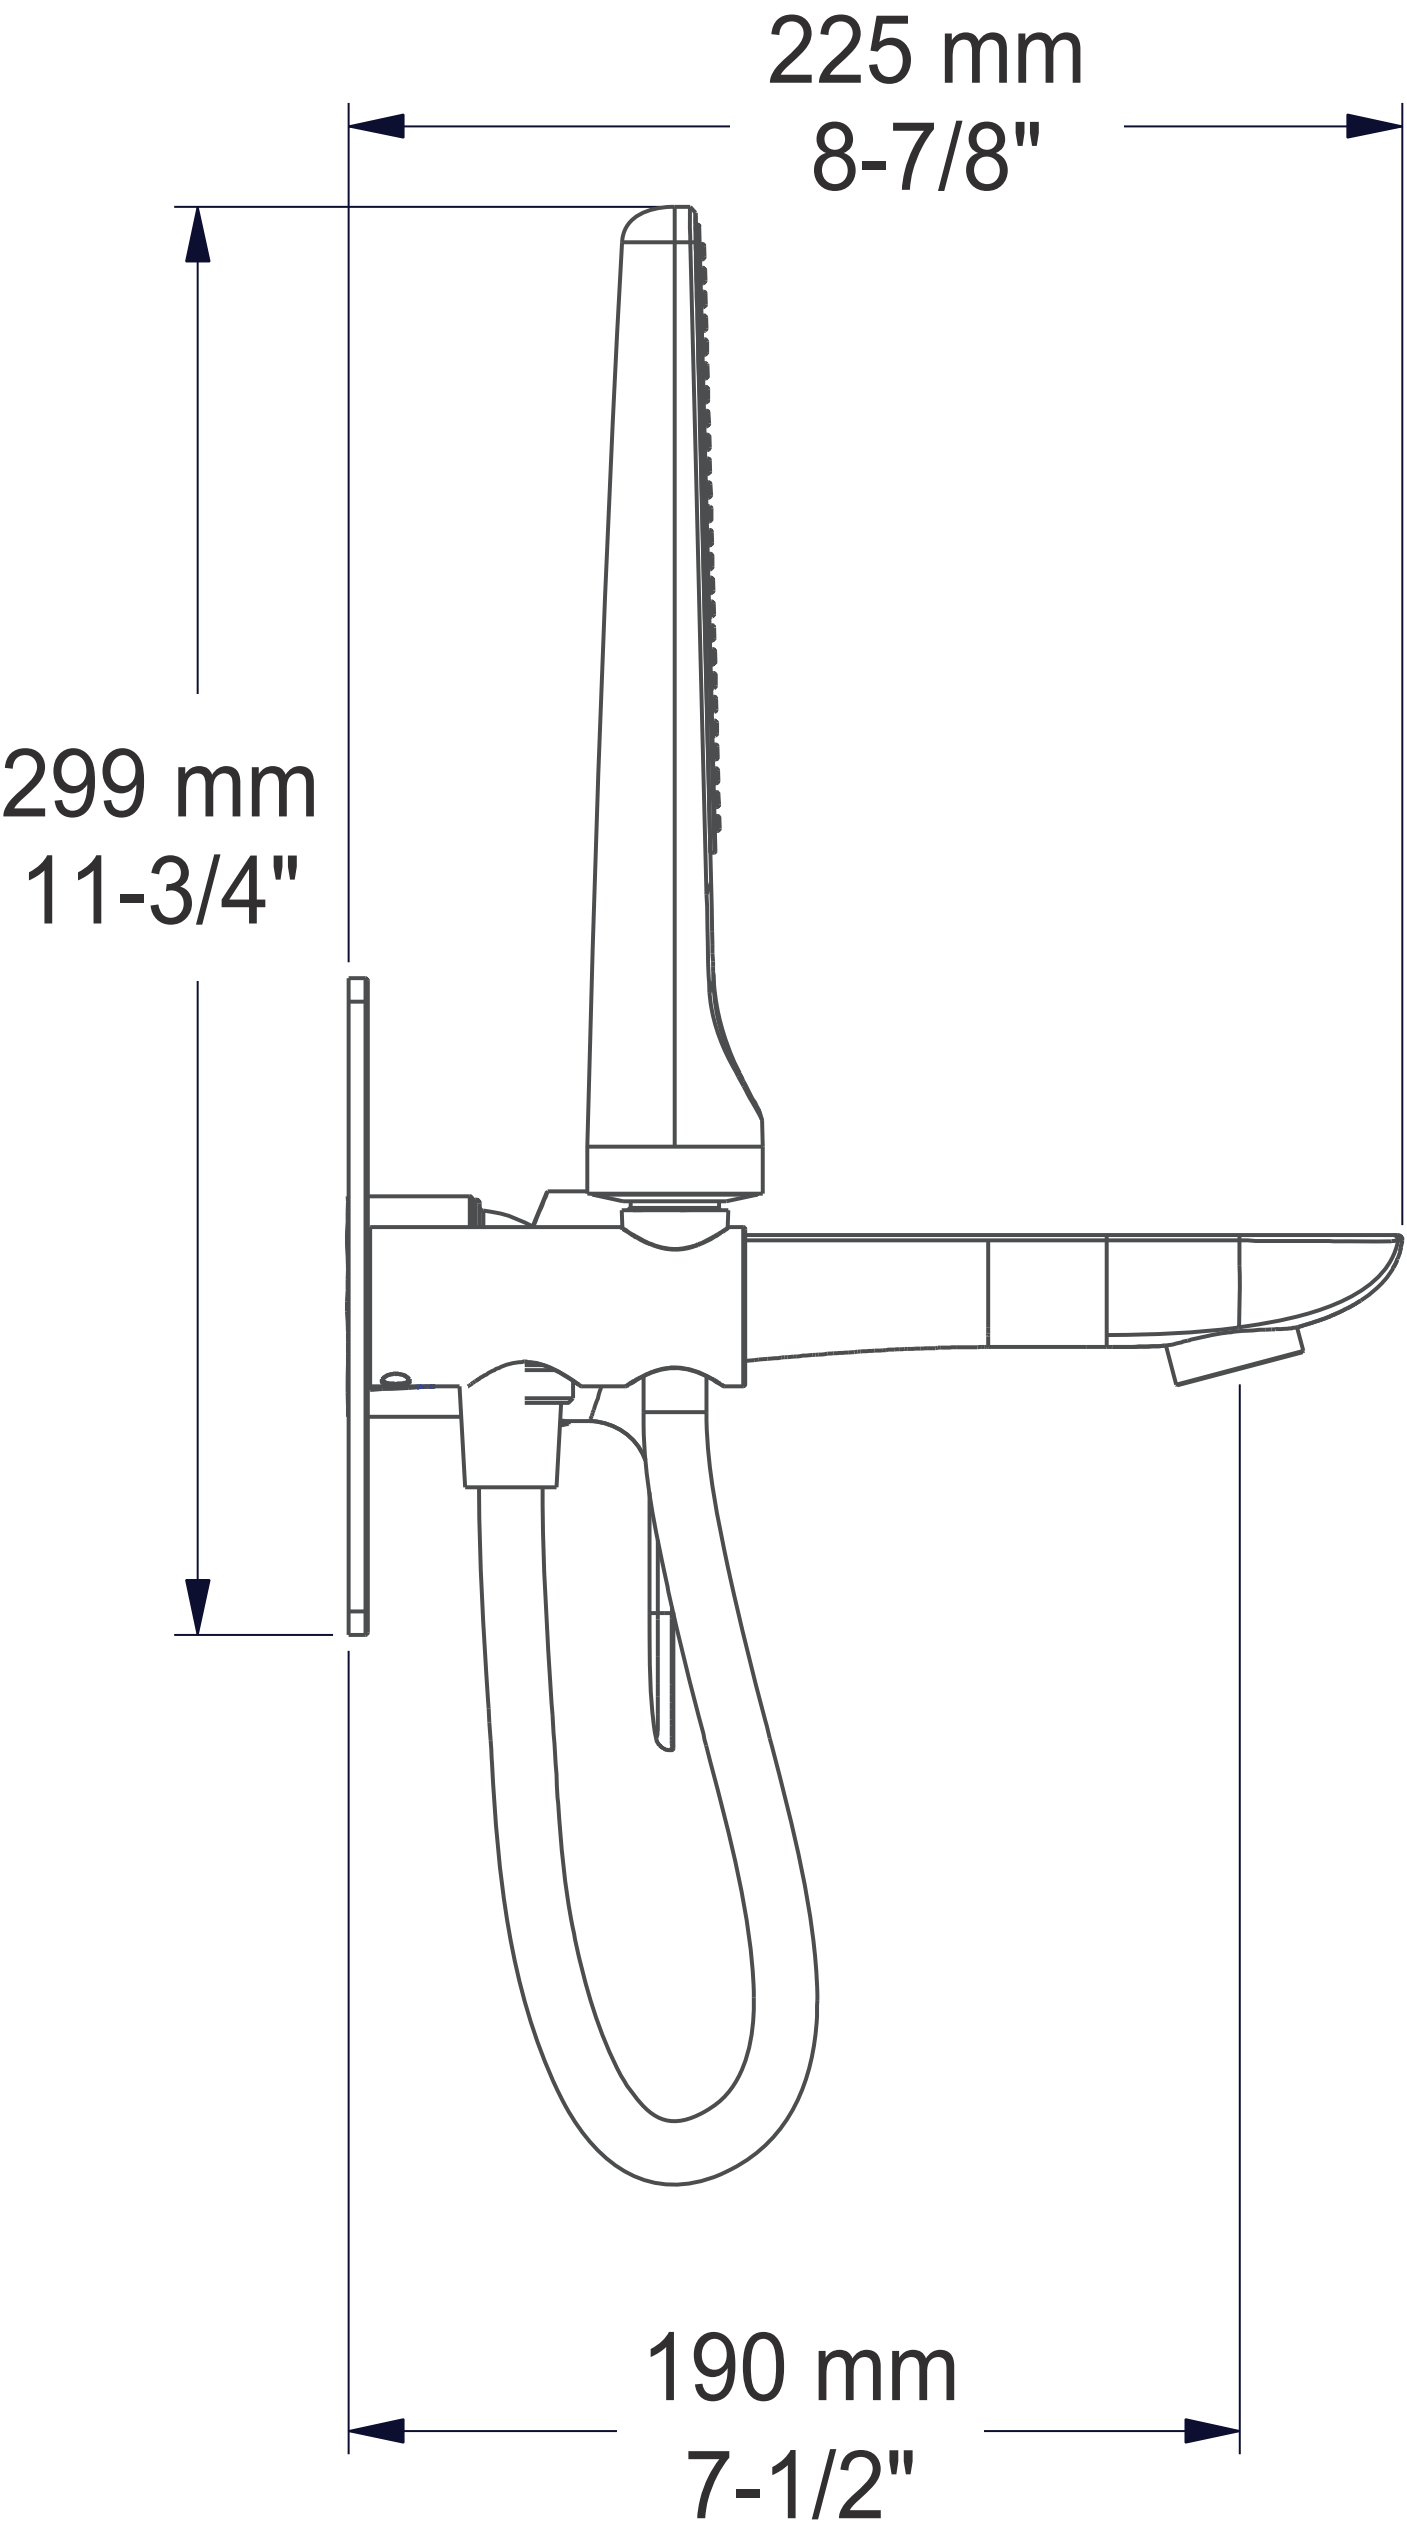

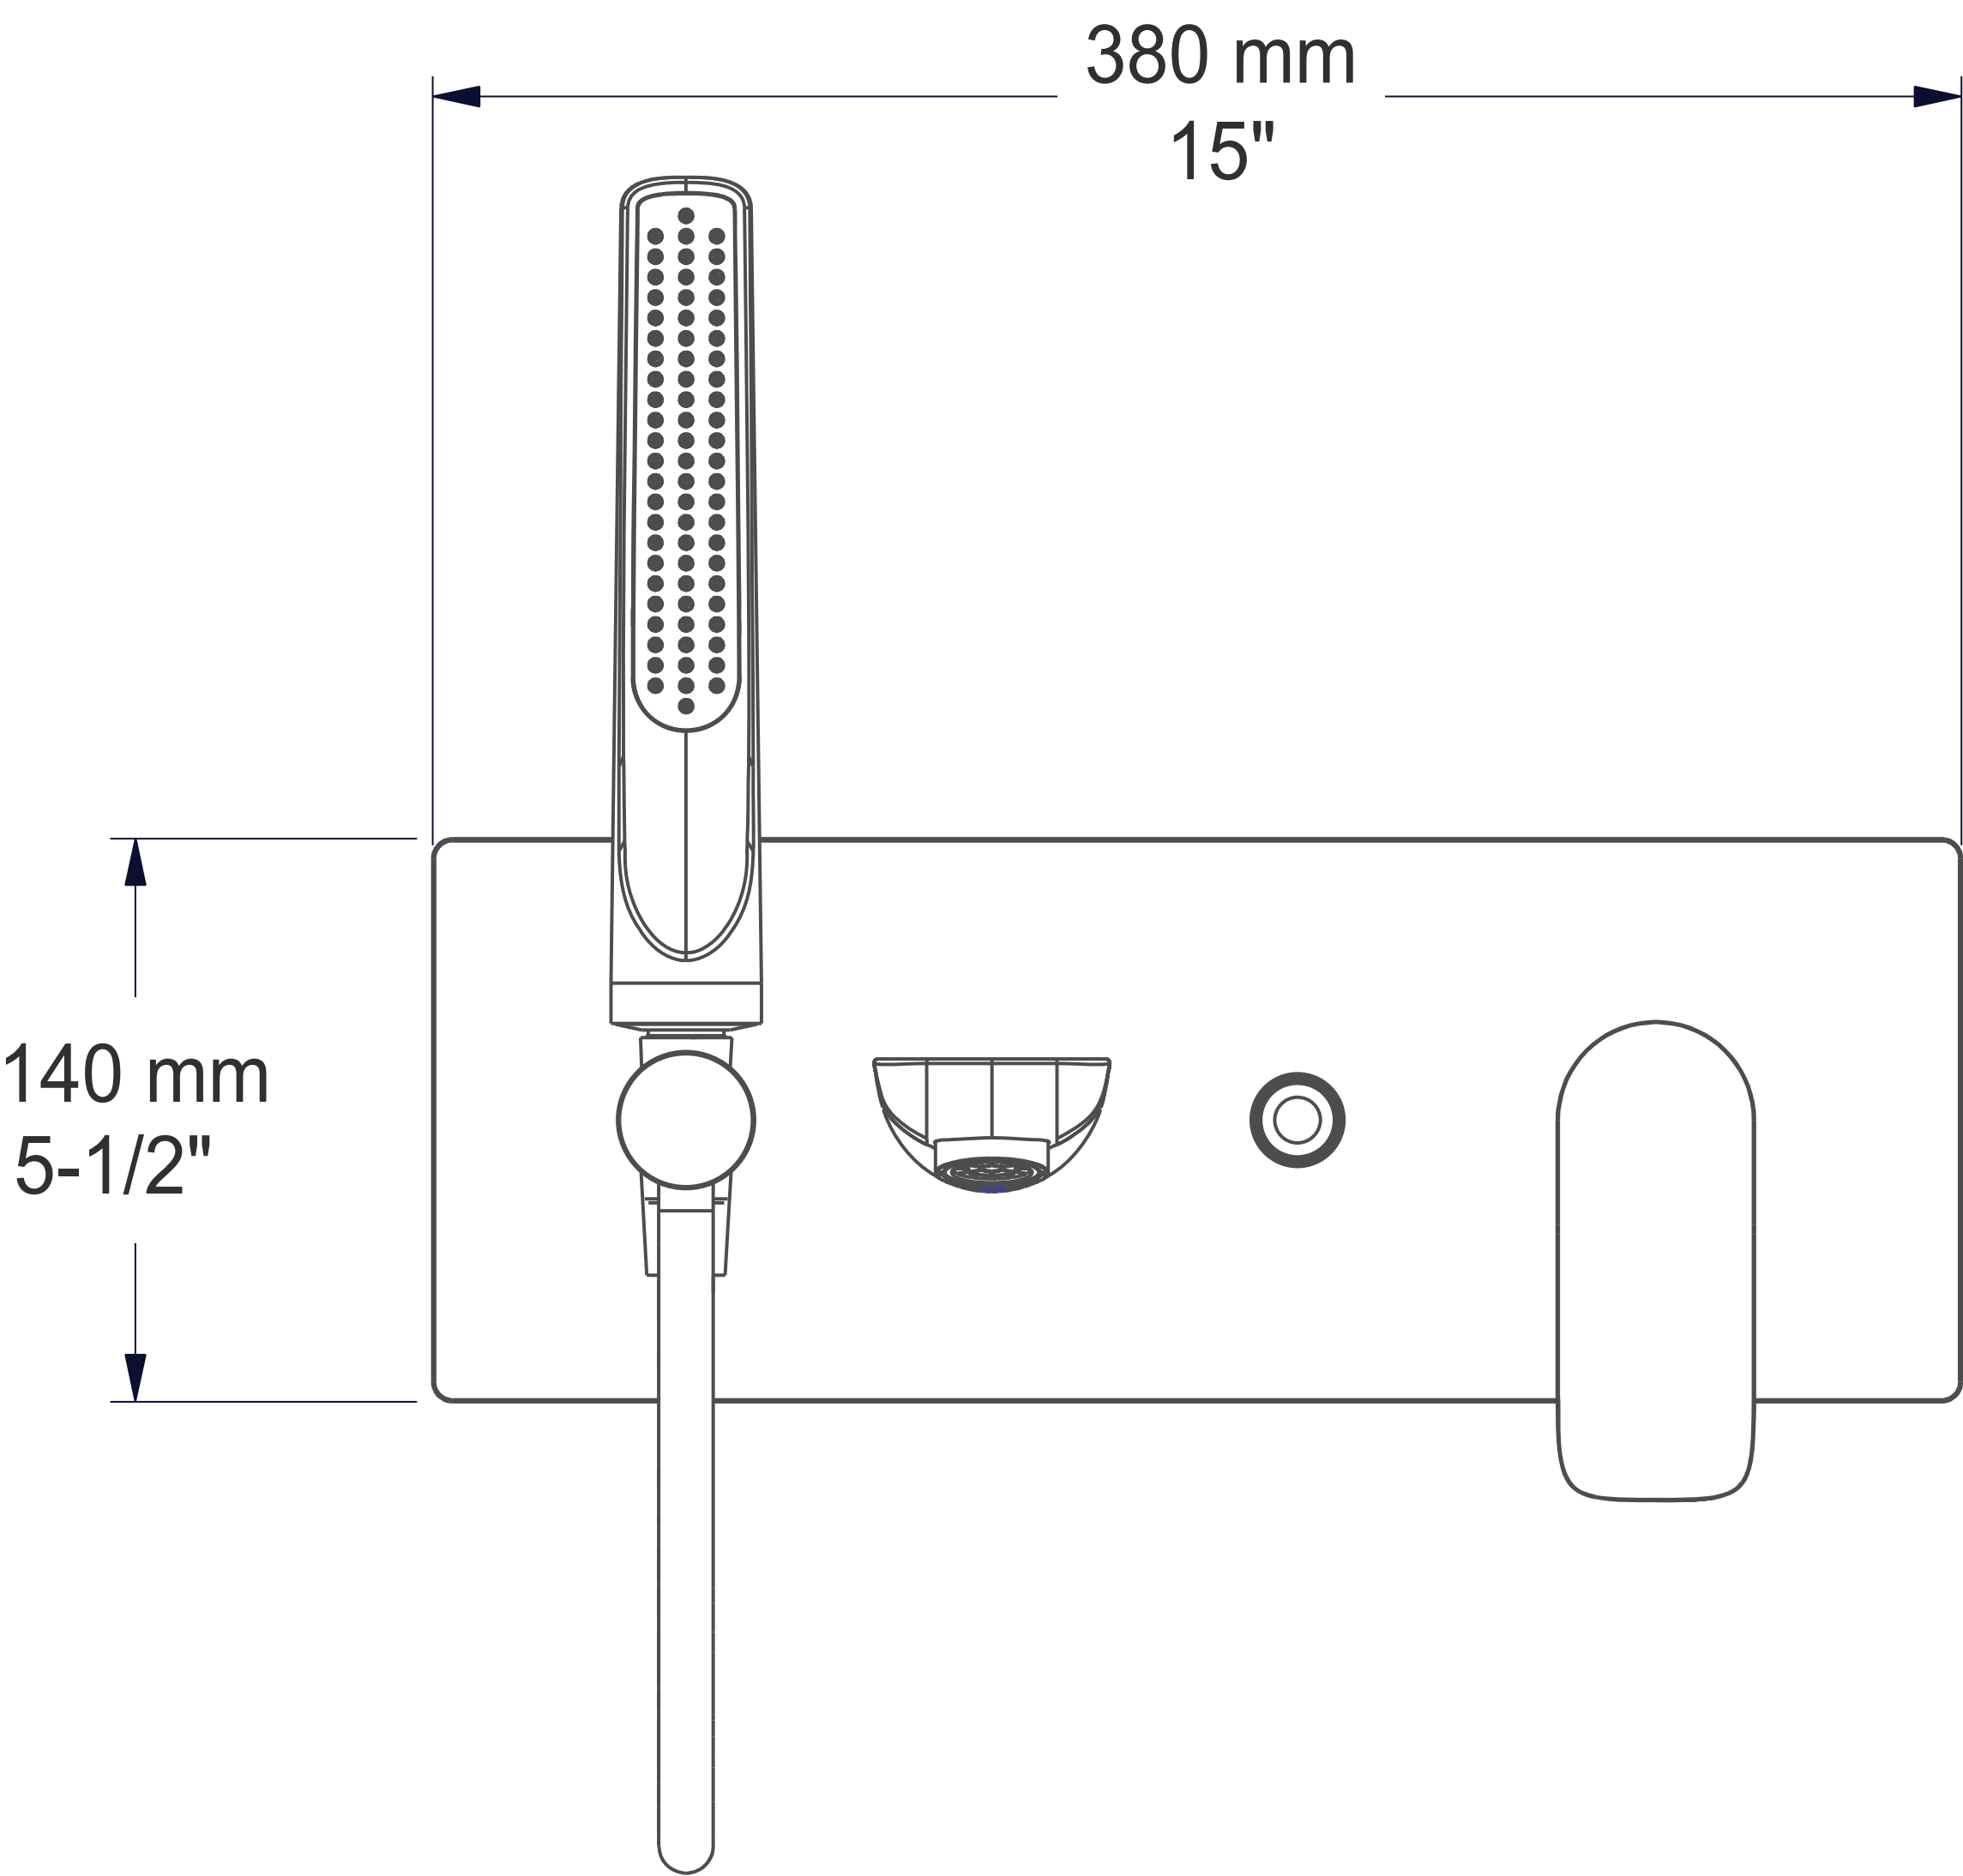

Dimensions:

Model: B45-2001-00-xx

Total width: 15"

Spout length: 8-7/8"

Spout reach: 7-1/2"

Easy installation —

Trouble free installation thanks to a one-piece rough mounted on a steel plate: easy to fix and to level, no risk of misalignment of the faucet elements.

BARiL

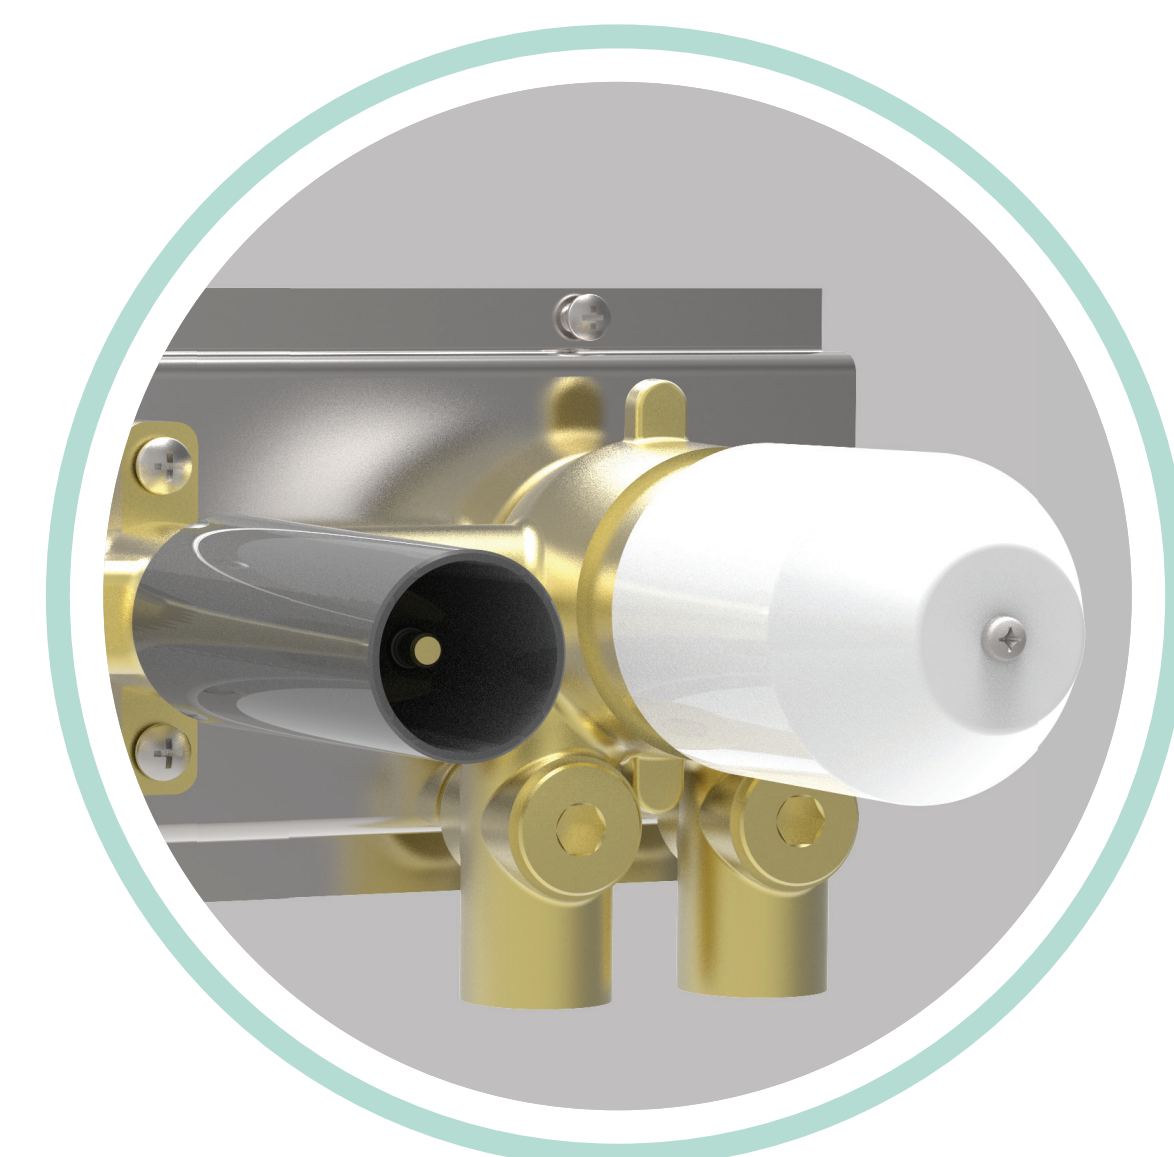

STYLE × FUNCTION

Adjustable depth from your finished wall

1" range of depth adjustment

Check & shut-off valves

Reliable faucet, easy to maintain:
no need to close the main water
supply to remove the cartridge

Plastic protectors

Provide help for the rough installation
(indication of depth versus finished wall), and
protect the rough during finishing steps
