

B45 SENS —

BARiL

STYLE × FUNCTION

The SENS Collection will seduce you with the SENSuality of its design. The very harmonious lines of this faucet are consistent with the current round-square trend. In addition to being pleasant to touch thanks to its ergonomic shape, its modern design with softer and warmer curves fits as much with a large square sink as it does with an oval classic washbasin.

8" c/c lavatory faucet,
drain included

BARiL

STYLE × FUNCTION

Flawless finish

Multiple finishes available to give a personal touch to your faucet. Made with best technologies available

Refined design

This modern but sensual design with soft and warm curves fits in most of the decors

Adjustable aerator

Allows adjustments in the water stream's direction by the touch of a finger

High quality material

BARiL faucets last longer because they are forged of solid brass thicker than average

Easy installation

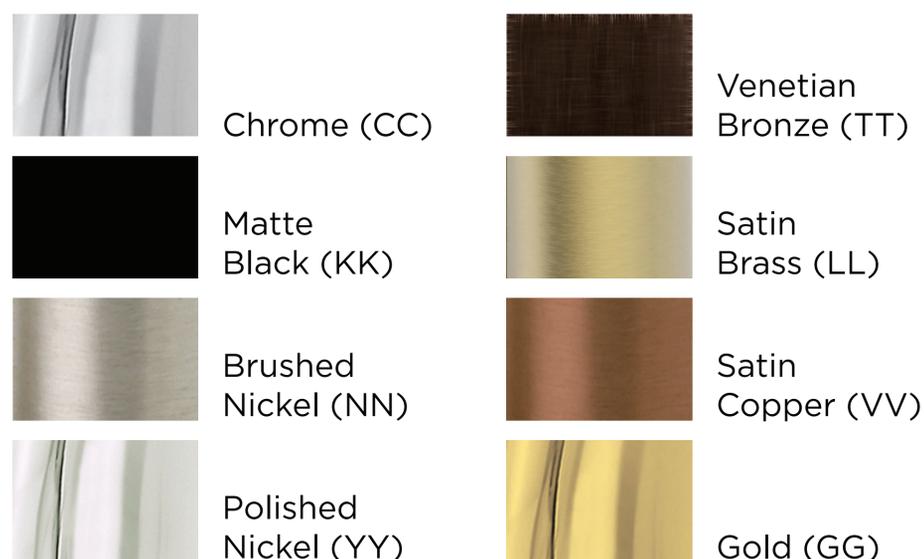

Very sturdy installation using threaded tubes with 2-points tightening nuts

Streamlined look

BARiL uses push-button drains, therefore eliminating the need for an unsightly rod

German-made cartridges

Made with high performance ceramic, these cartridges are amongst the most durable on the market

LIMITED
LIFETIME
WARRANTY

1.5
GPM FLOW RATE

BARiL equals quality

Uses 30% less water

Ecological options available

Durable ceramic cartridge

Ensures the perfect stream

Adjustable Aerator

BARiL

STYLE × FUNCTION

Our easy-to-clean German-made swivel aerator lets you direct the flow where you want it. Simply rub this soft silicon aerator with your finger to clean it, and continue to enjoy its perfect crystal-clear stream. No more splashing!

Ecological Options

BARiL is supporting the environment by offering options to reduce the water flow thereby economising your water usage

Attention to Detail

BARiL faucets are designed with both style and function in mind. The perfect alignment of moving parts like the handles versus the body, or the easy installation of the handles with a simple snap-fit, are only two examples of our dual design thinking.

BARiL

STYLE × FUNCTION

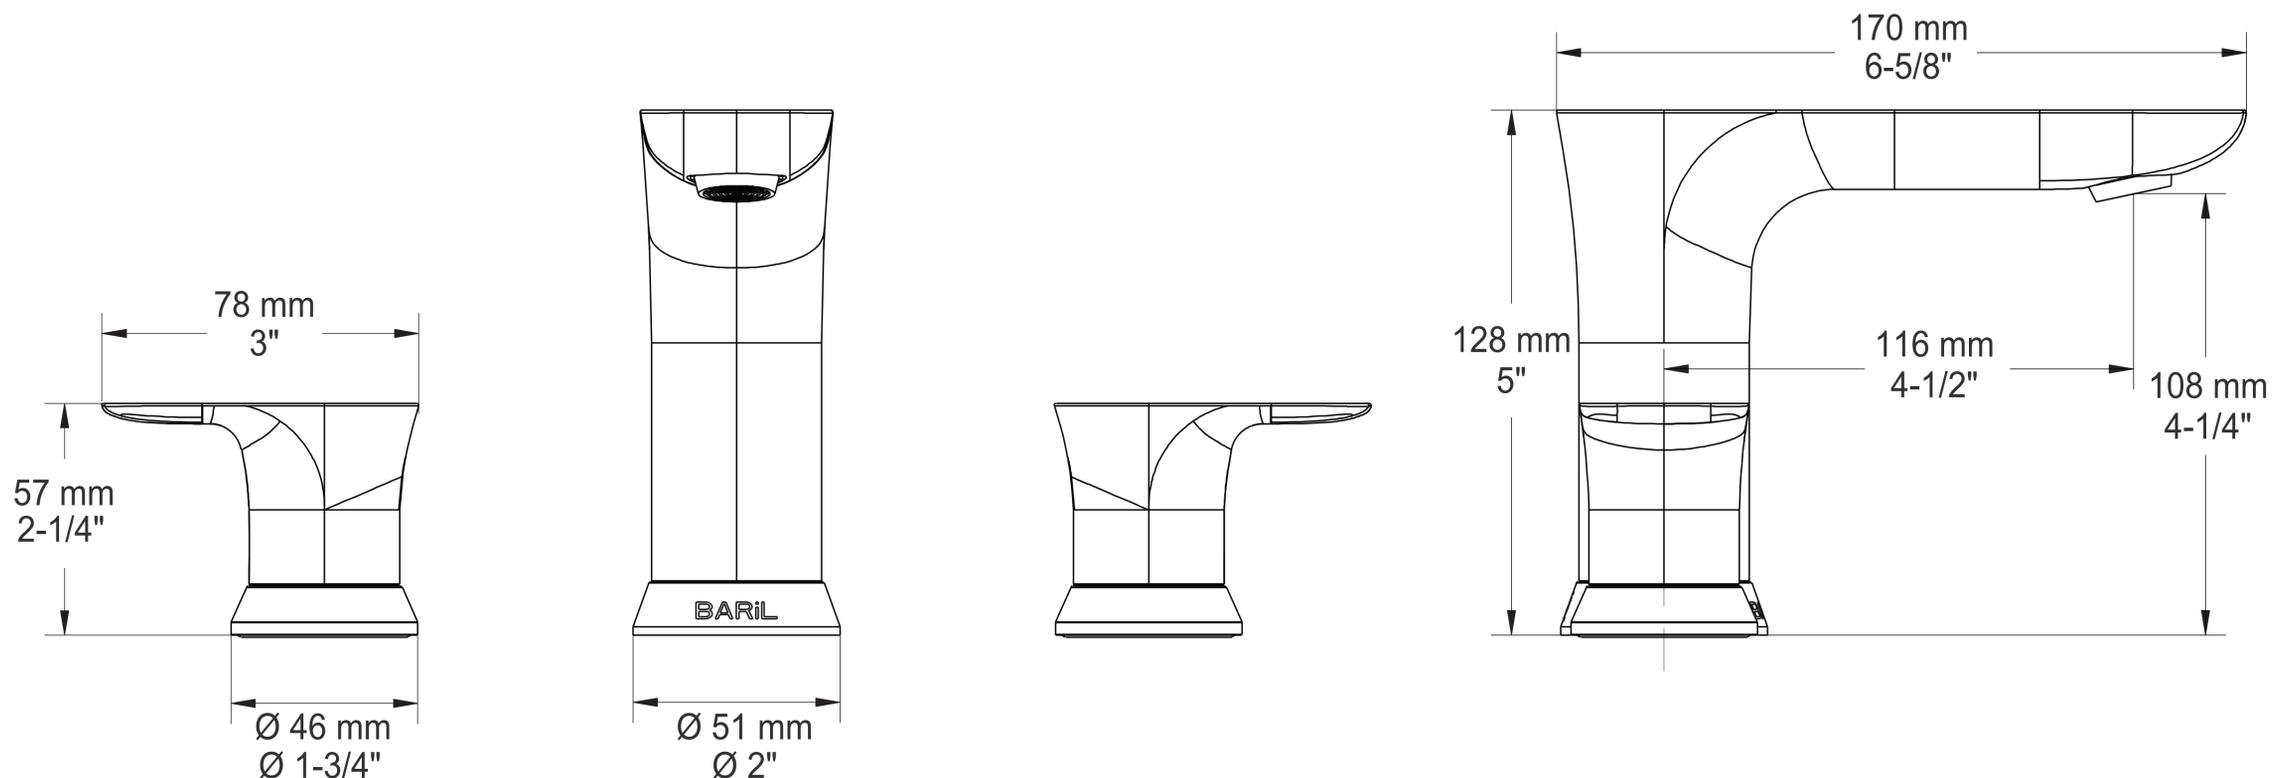

Dimensions:

Model: B45-8009-00L-xx

Faucet height: 5"

Aerator clearance: 4-1/4"

Spout reach: 4-1/2"

Push-Button Drain

BARiL

STYLE × FUNCTION

With its large cap, the BARiL push-button drain looks more elegant than regular drains. It is also quicker and easier to install since there are no unsightly rods to adjust.

Impeccable design

The large cap covers the whole drain, giving it a high-end look.

Overflow

The included drain is one with overflow (po plug). For a drain without overflow (co plug), order REN-8403-02-xx or REN-8423-02-xx separately.

Robust tightening nut

Very sturdy installation thanks to a long and easy to tighten brass nut.

Specifications:

Model: REN-8422-02-xx

Diameter of the cap: 2-5/8"

Drain hole size: 1-3/4"

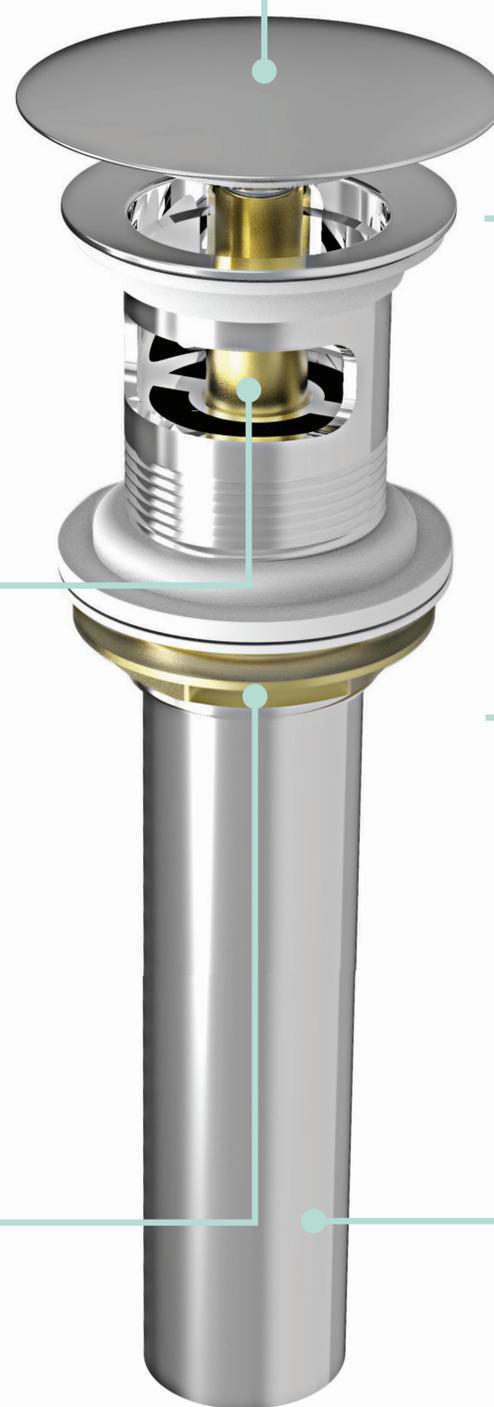

Rubber gaskets: Included

Adaptable length

The length between the metal ring and the end of the threaded pipe is 3-1/8" (80 mm), making it a fit for every sinks.

High quality material

BARiL drains last longer because they are made of solid brass thicker than average.

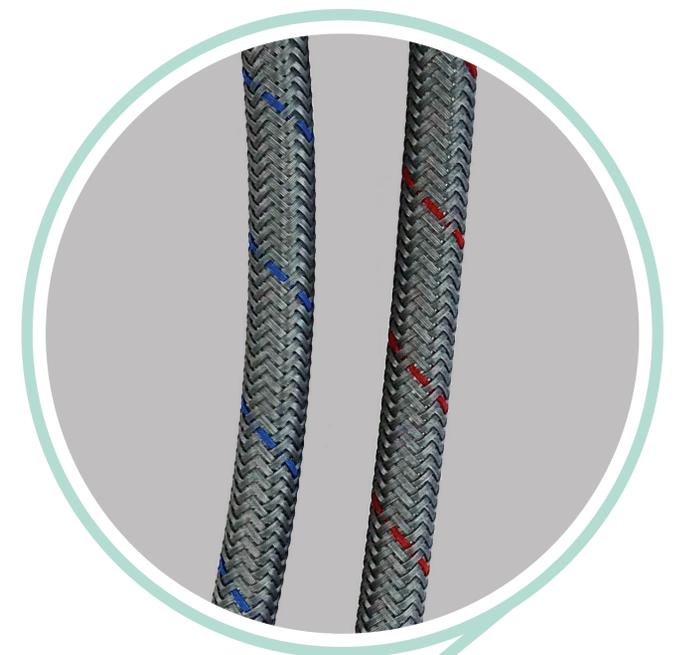

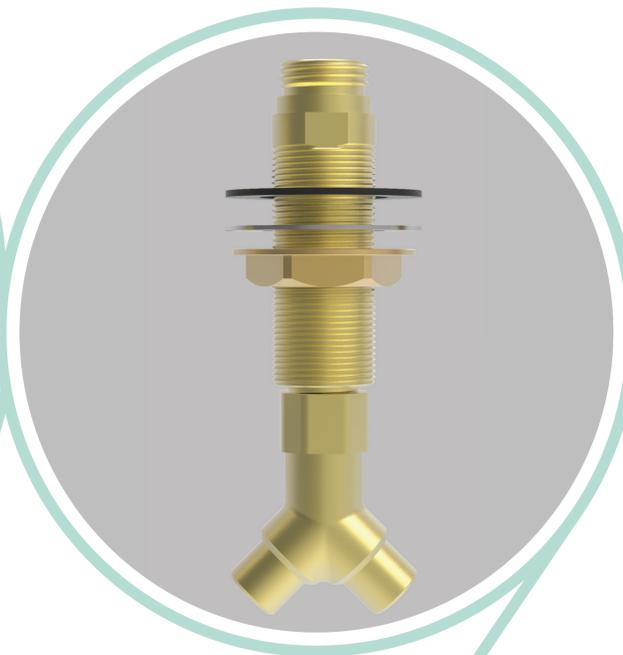

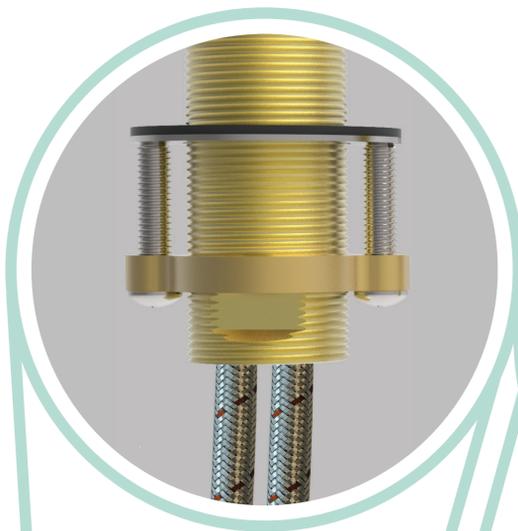

Easy installation —

Very simple and sturdy installation using threaded cylinders with tightening nuts. The screws are easy to reach, even in tight location. The 2-points tightening makes the installation of the handles very sturdy: they will not loosen over time and daily operation.

BARiL

STYLE × FUNCTION

Solid brass with direct connection of the hoses

Softpex Supply Lines

Color coded, corrosion and kink resistant, our supply lines are equipped with swivel connection nuts to facilitate the connection to water inlets and to the spout, and avoid twisting.
