

B52 FT —

BARiL

STYLE × FUNCTION

The design of the **FT** Collection consist in a **F**luid blend of elegance and **T**rend. Based on cylindrical lines, this collection is perfectly echoing the current trend of round shapes, but the affirmed line at the junction of the spout as well as the joystick control give personality and an unparalleled elegance to this faucet line. Furthermore, this FT Collection is offered in smokey chrome finish only, which means in a chrome finish with anthracite accents. These details give a trendy contrast between the smooth chrome surface that reflects the light, and the matte anthracite surfaces that absorb the light.

Single hole lavatory faucet,
drain not included

BARiL

STYLE × FUNCTION

Flawless finish

Bi-color finish made with best technologies available

Refined design

The thin line at the junction of the spout as well as the joystick control gives personality and an unparalleled elegance to this faucet. Furthermore, the control is very ergonomic

Streamlined look

BARiL uses push-button drains, therefore eliminating the need for an unsightly rod (drain to be ordered separately)

German-made aerator

Produces a soft aerated and nonsplashing stream

Quality material

Forged of solid brass of a thickness above standards, BARiL faucets are very durable

Easy installation

Very sturdy installation with three-points tightening using only 3 screws

European cartridge

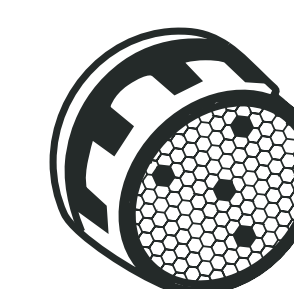

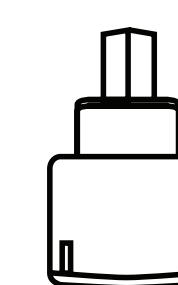

Made with high performance ceramic, this cartridge is amongst the most durable on the market

German-made Aerator

BARiL
STYLE × FUNCTION

Our German-made aerator introduce air into the water stream to produce a larger white stream soft to the touch and non-splashing!

Ecological Options

BARiL is supporting the environment by offering options to reduce the water flow thereby economising your water usage

Attention to Detail

BARiL faucets are designed with both style and function in mind. The perfect alignment of moving parts like the handle versus the body, is only one example of our dual design thinking.

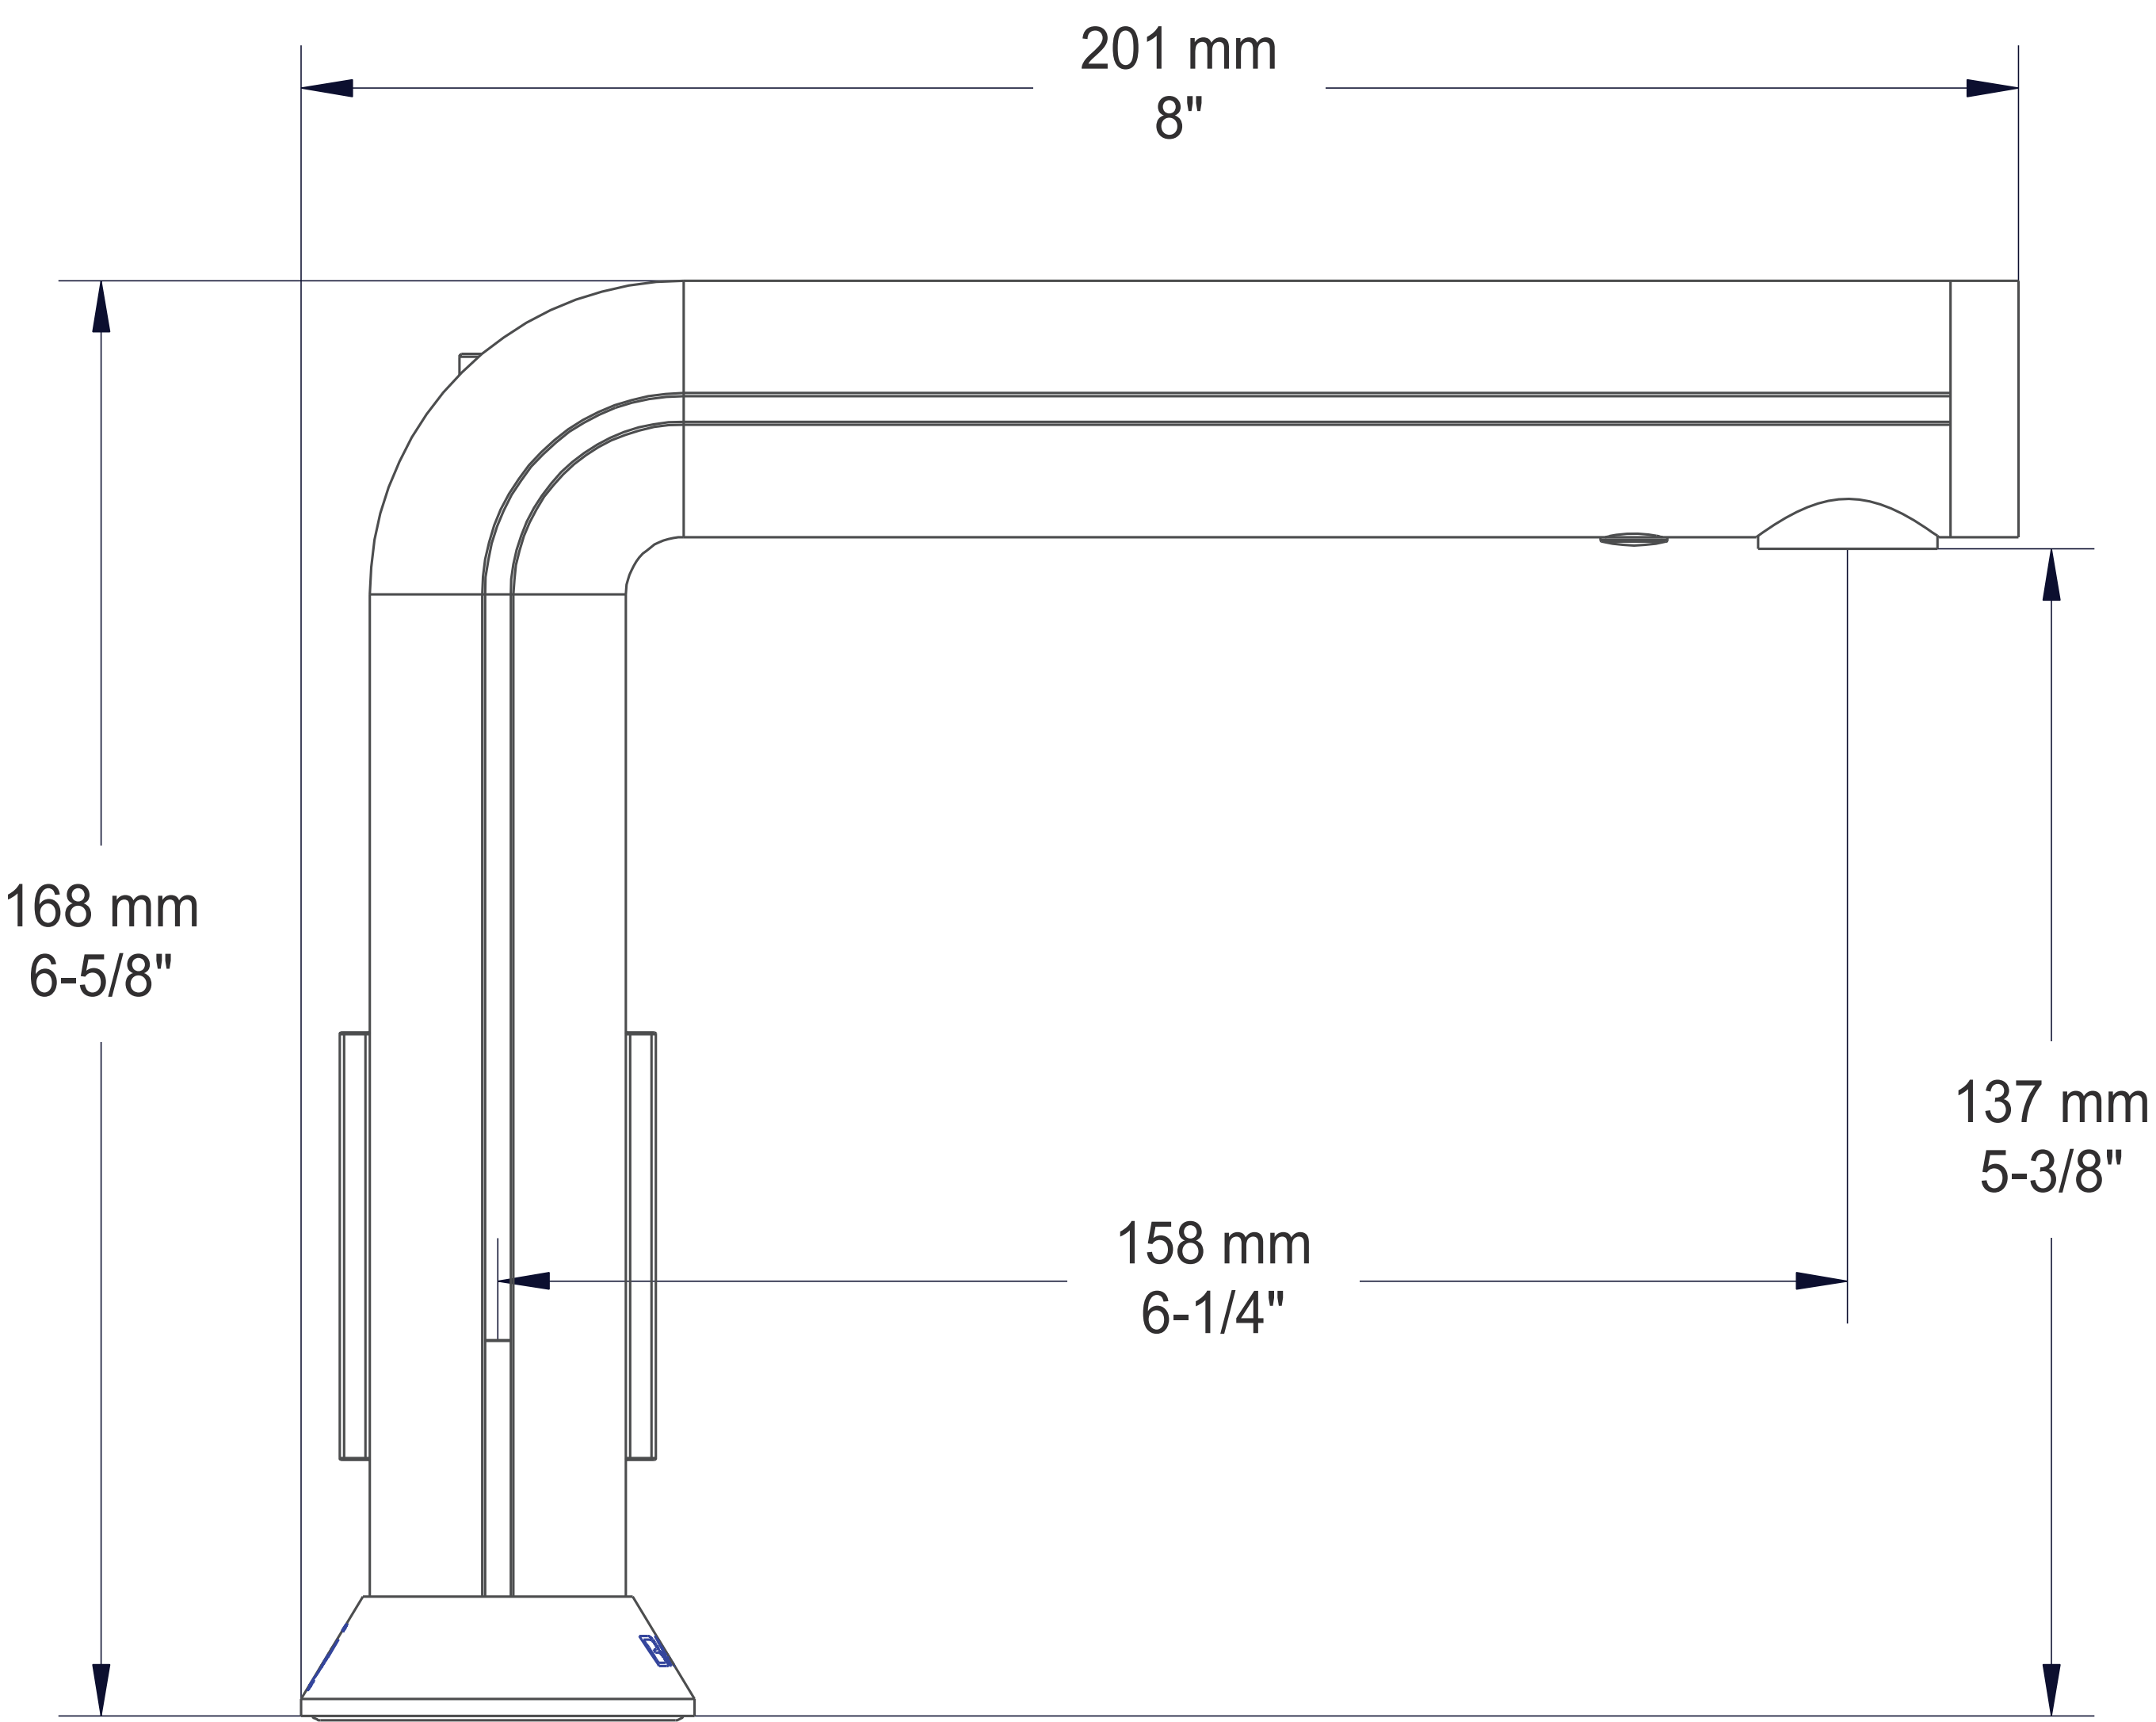

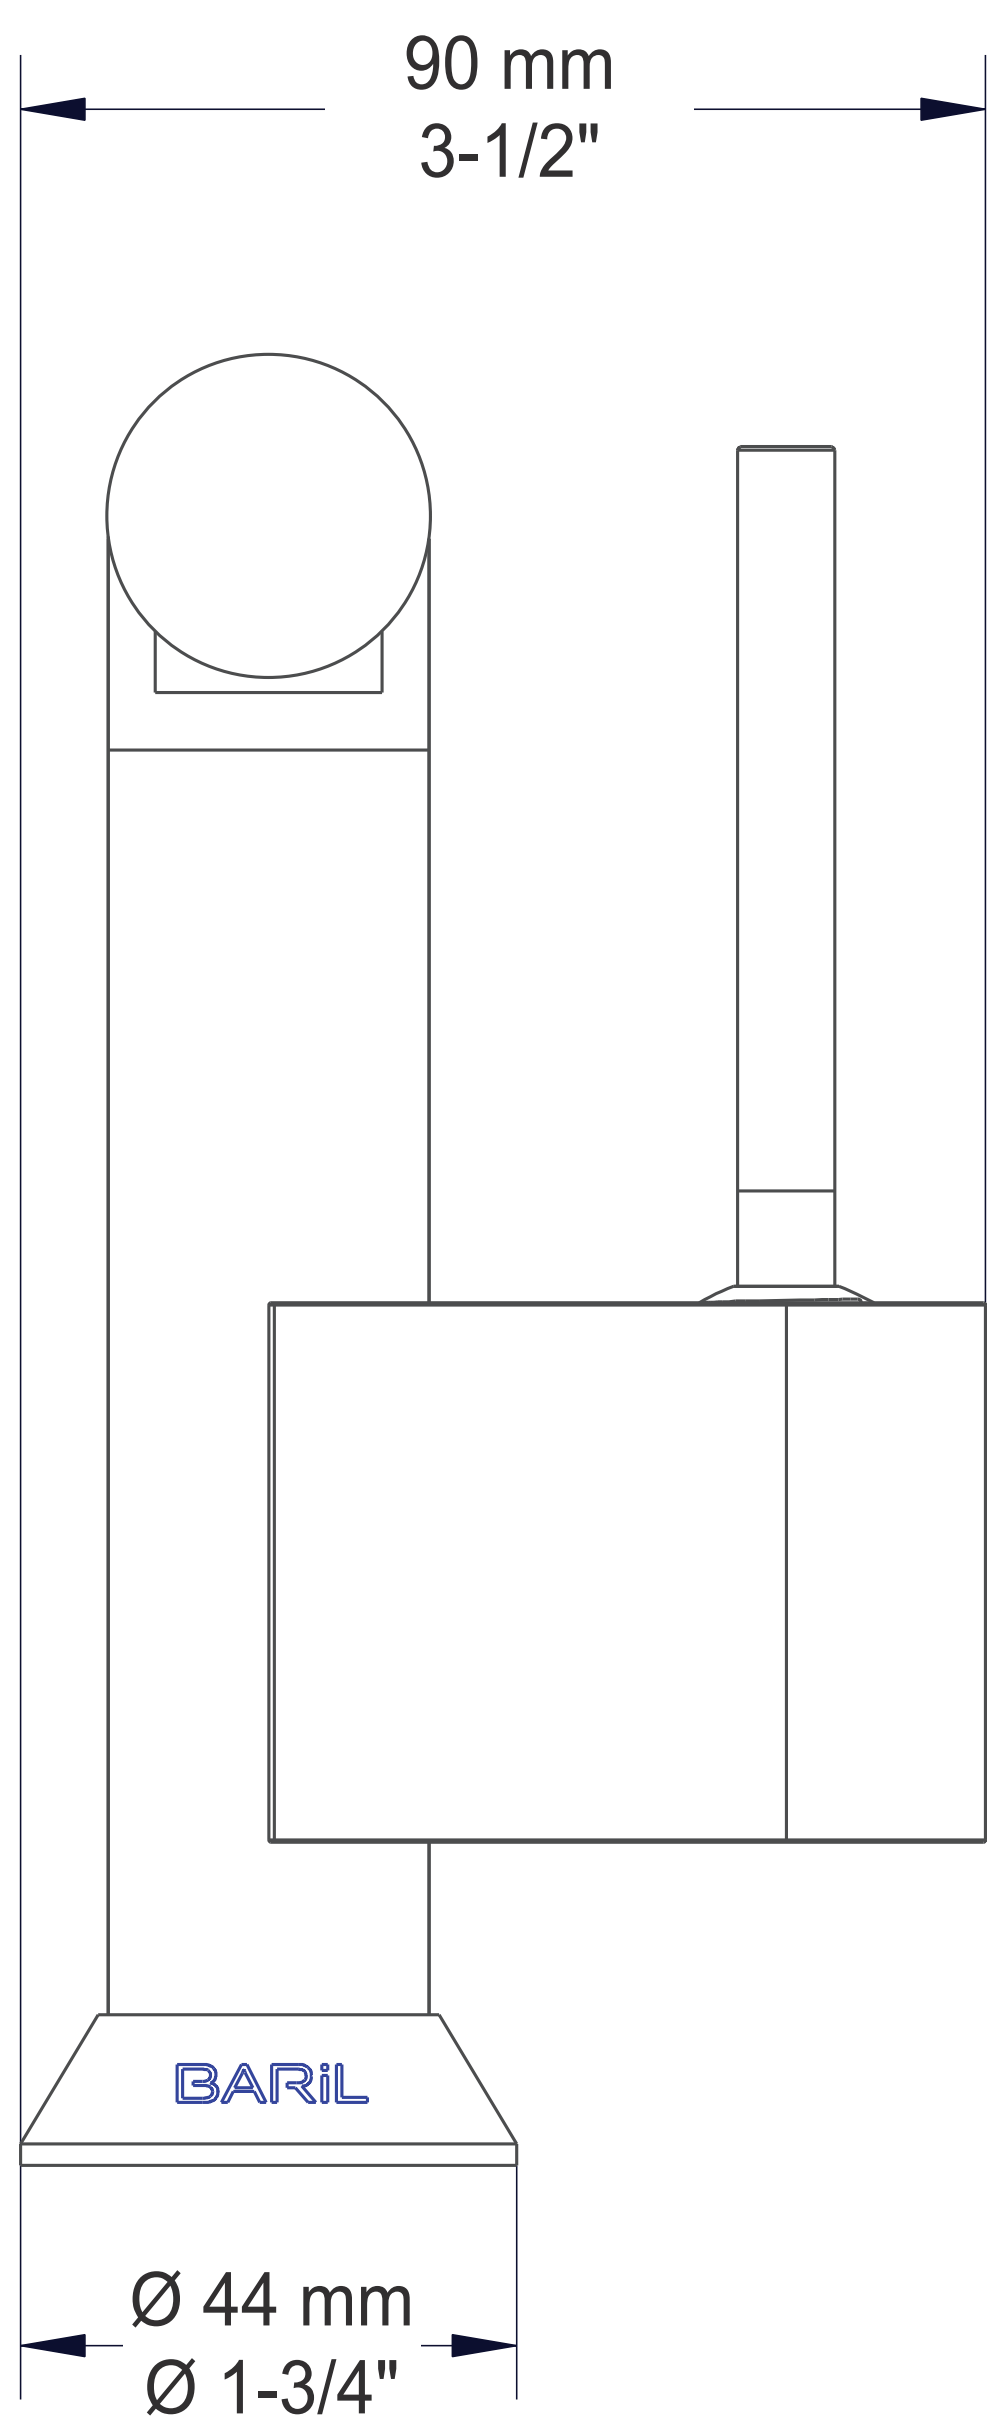

Dimensions:

Model: B52-1010-00L-xx

Faucet height: 6-5/8"

Aerator clearance: 5-3/8"

Spout reach: 6-1/4"

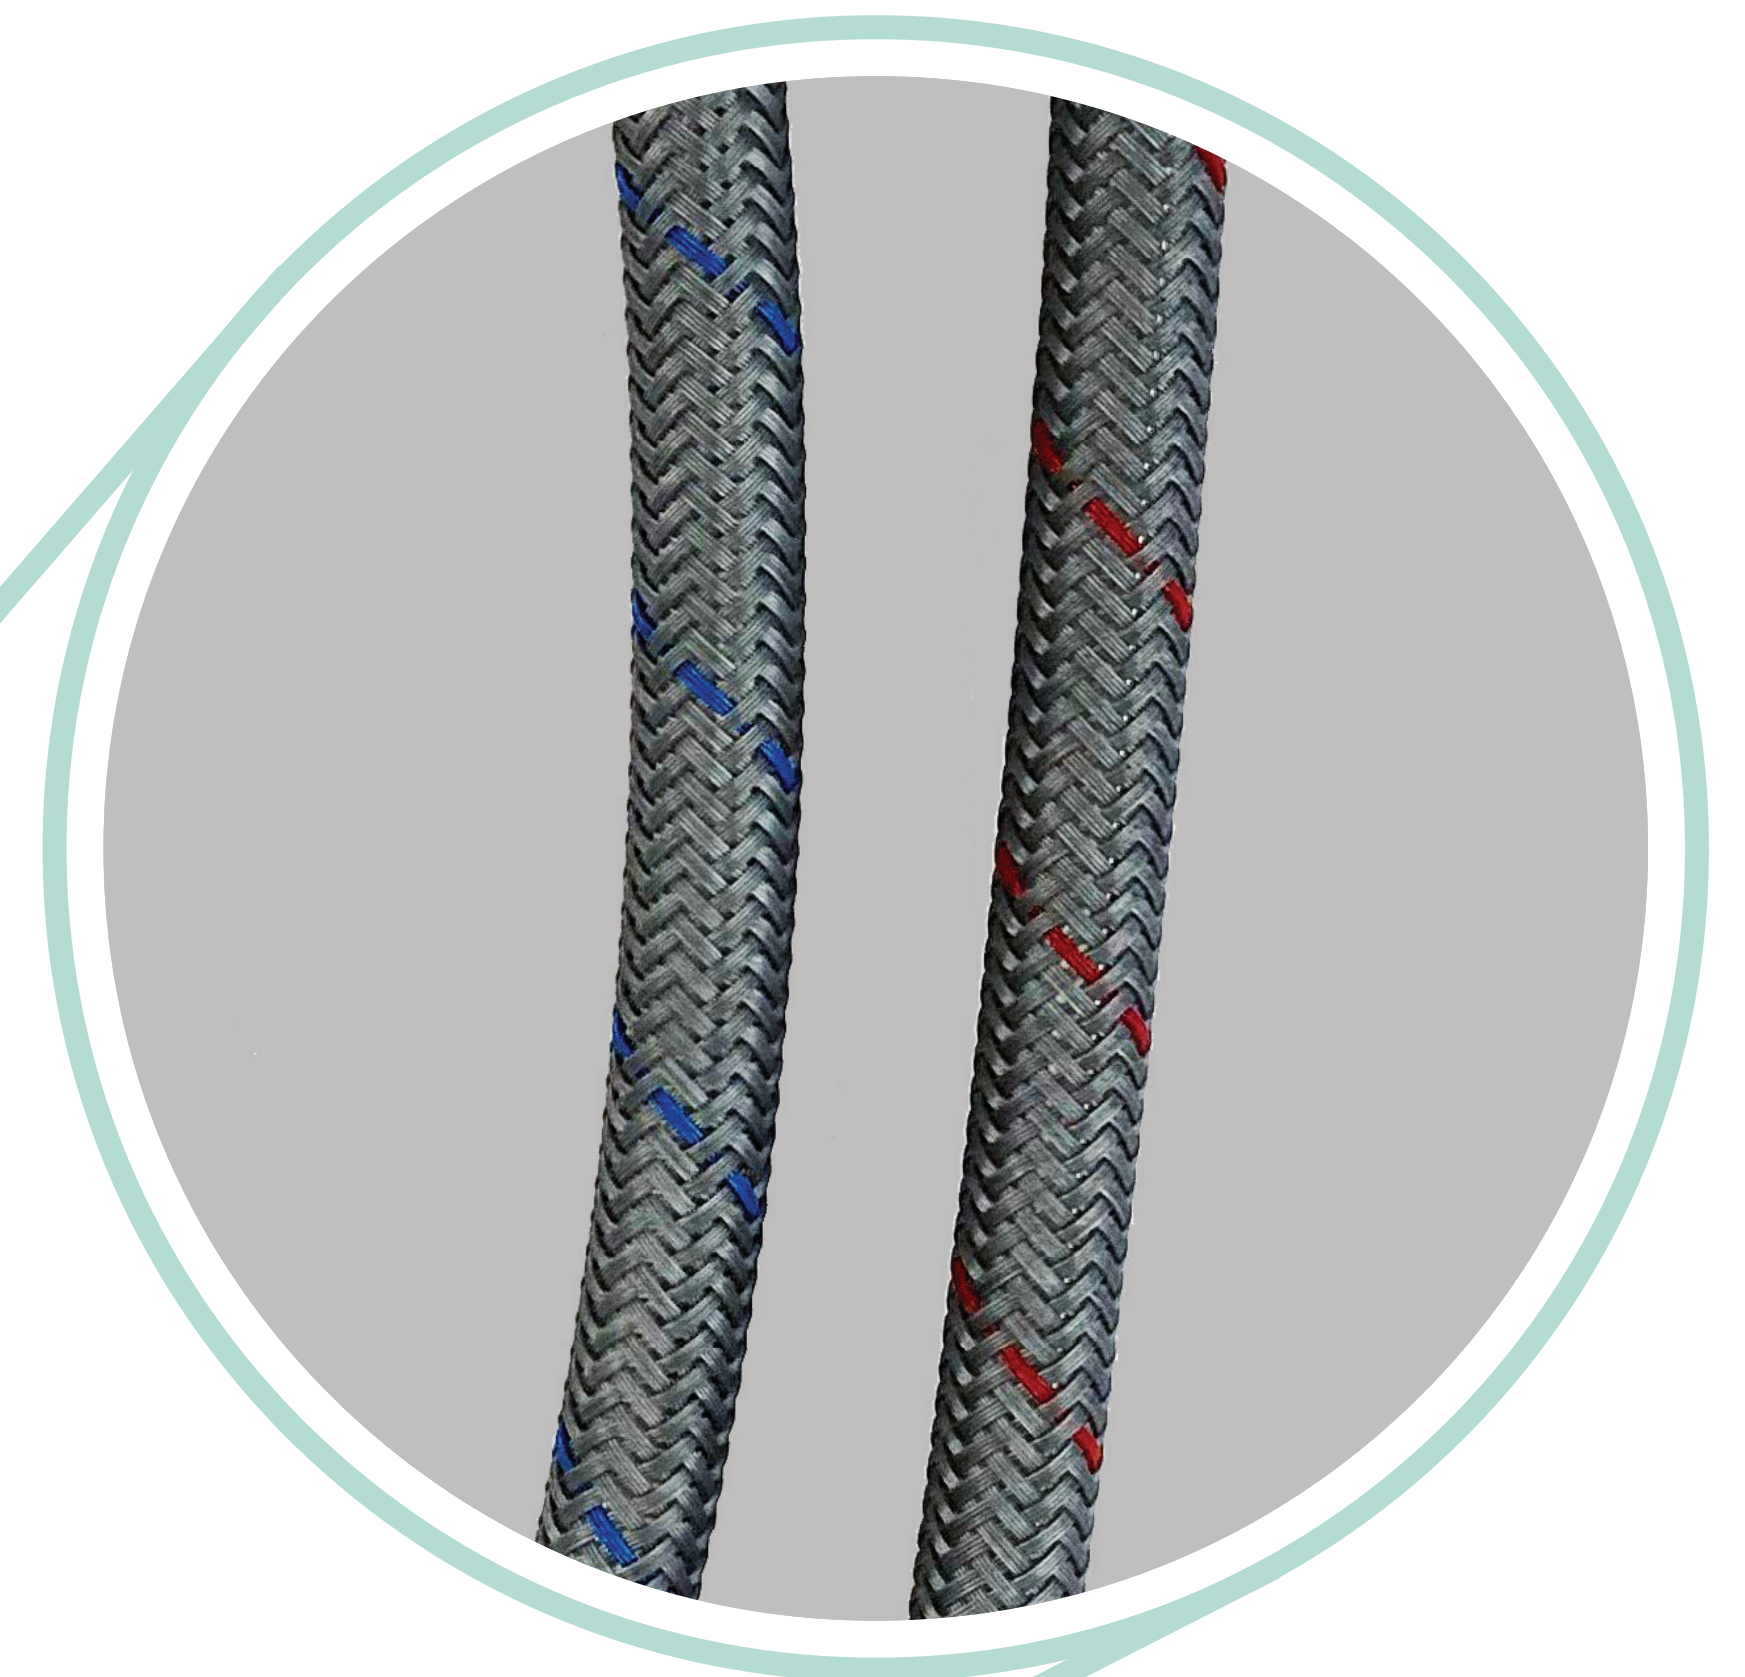

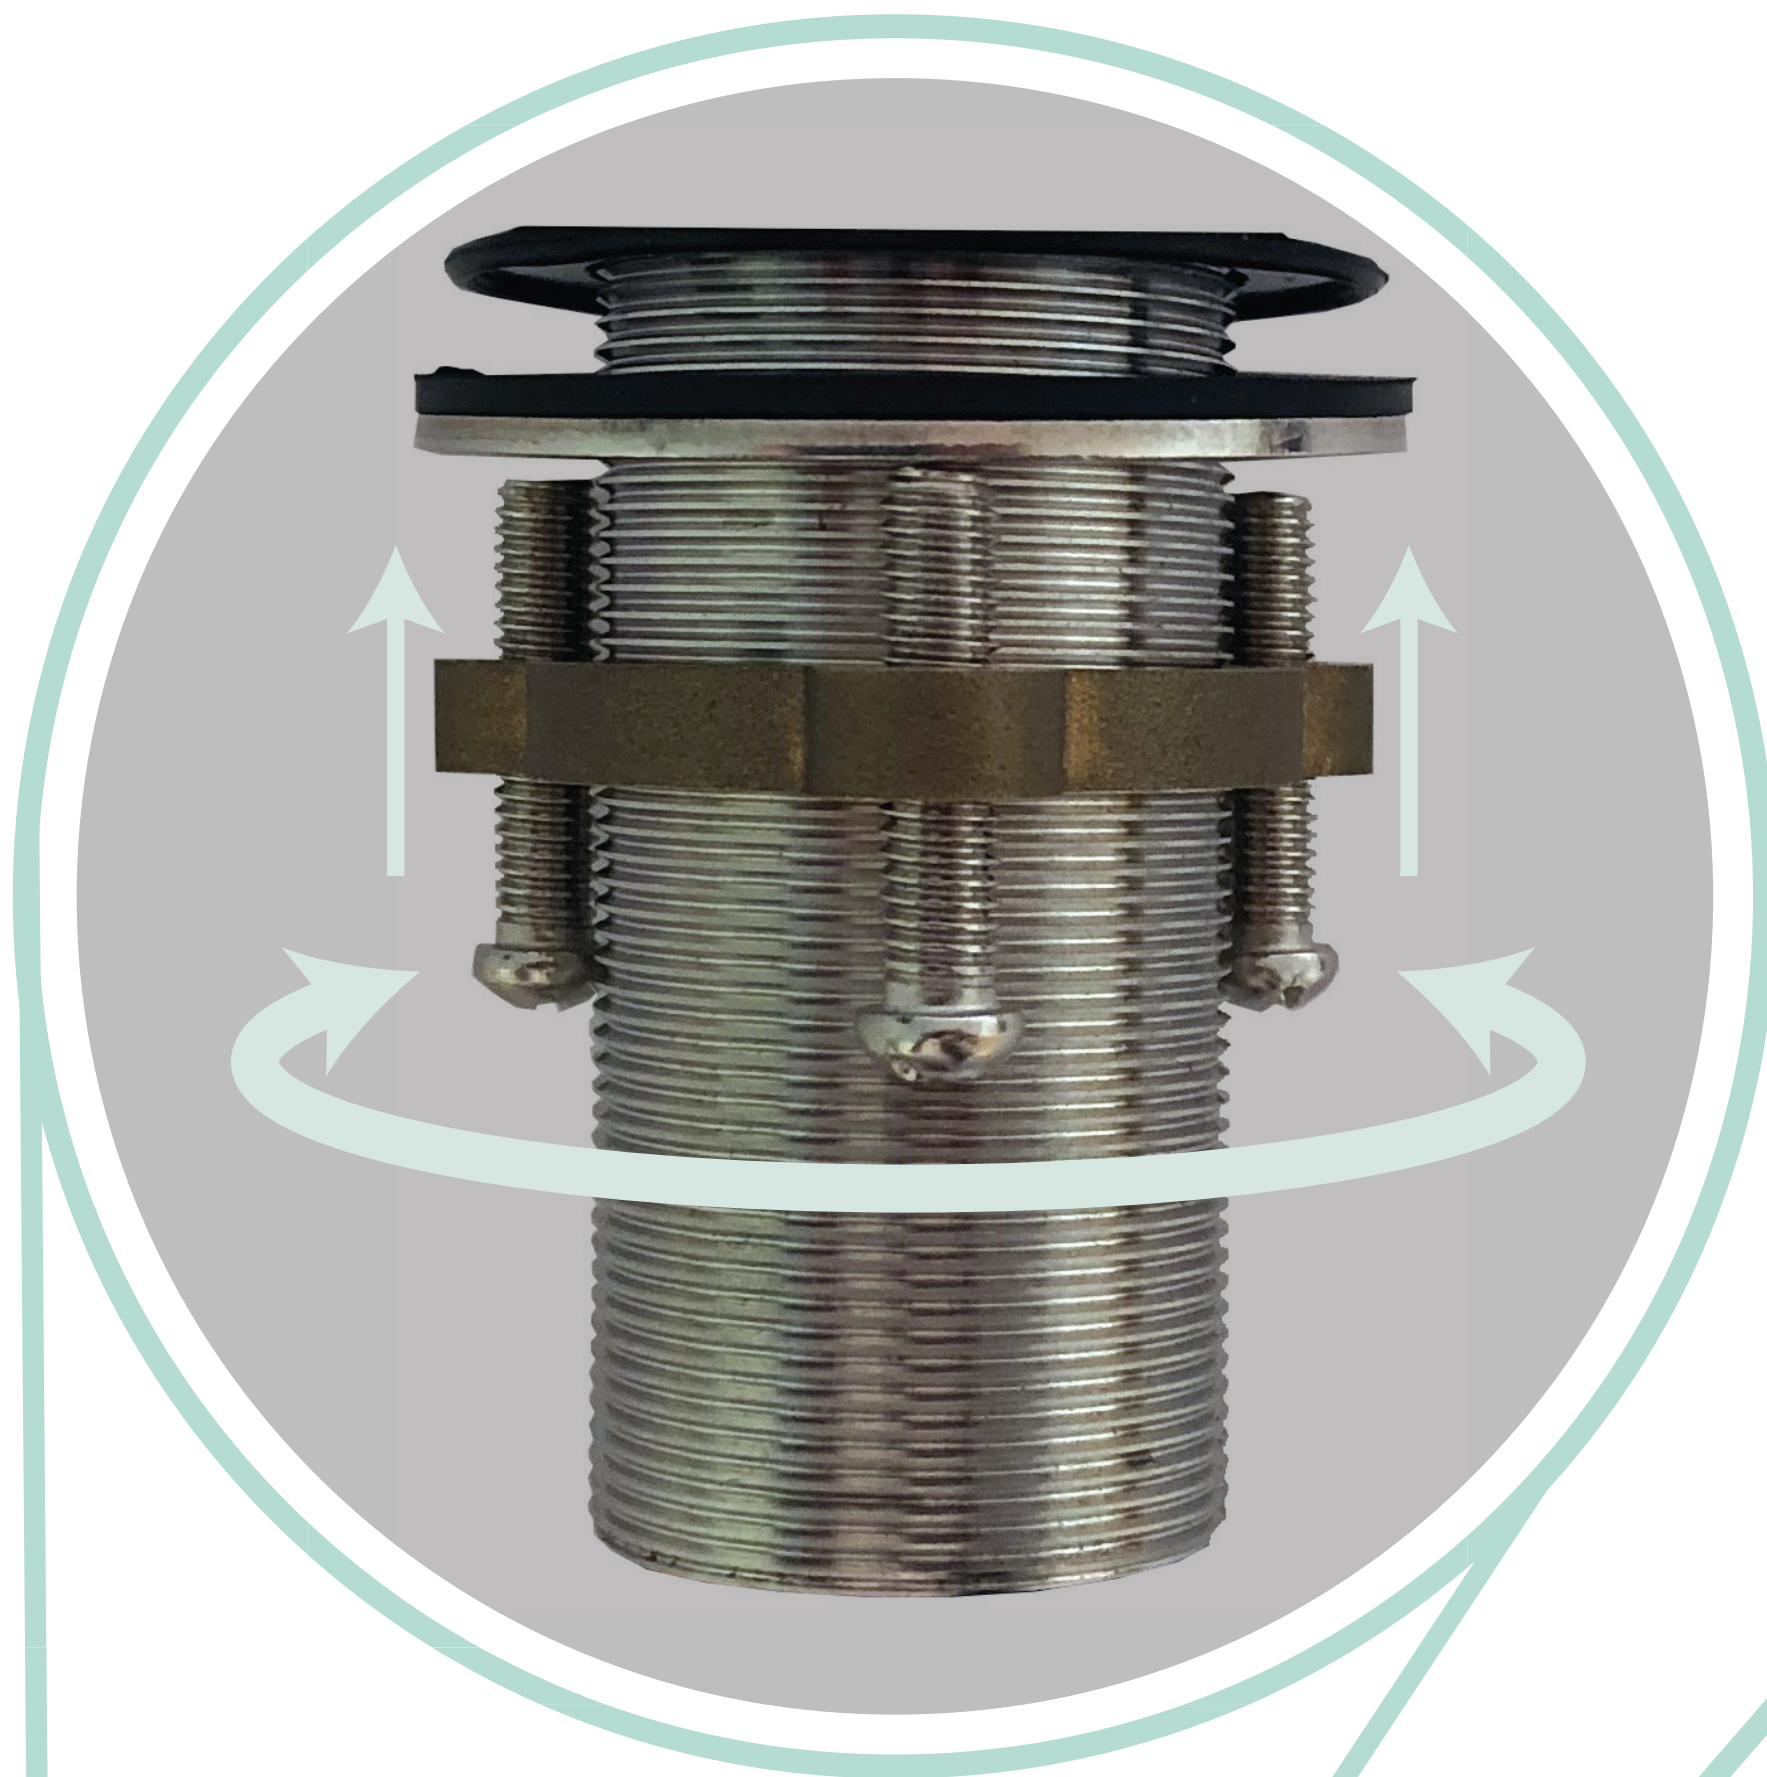

Easy installation —

The installation of a BARiL faucet is very sturdy and simple, thanks to our threaded nut with easy-to-reach screws, even in tight location.
