AIR Shapes

BARIL

STYLE X FUNCTION

For its AIR Collection, BARIL offers a variety of components in different geometric shapes. Customize your faucet by choosing the shape of the spout and handles independently. Have fun combining the four handle options and two spout options to create your very own faucet.

How to customize your AIR faucet?

1 Choose the spout shape:

2 Choose the shape of the handle:

Future-proof

This design as a platform allows you to make your faucets evolve with future trends and personal tastes. Change the shape of the spout or handle, or even the finishes, without touching the underlying plumbing hardware.

AIR Finishes

BARIL

STYLE X FUNCTION

For its AIR Collection, BARIL offers a palette composed of its 9 regular BARIL finishes, but that's not all! Have fun combining the different plain finishes to create your own two-tone finish or opt for a plain finish - the possibilities are endless!

How to choose your AIR finish?

1 Choose the desired finish for the spout (plain only)

Chrome
(CC)

Matte
black (KK)

Satin
brass (LL)

White
(BB)

Brushed
nickel (NN)

Polished
Nickel (YY)

Satin
copper (VV)

Venetian
bronze (TT)

Gold
(GG)

2 Choose the handle finish (plain or two-tone)

Plain

Two-tone

Handle top

Opt for a color accent or choose the same finish as the handle base for a plain finish.

Handle base

We recommend that the handle base finish be the same as the faucet spout, but feel free to combine finishes as you wish.

High flow rate

BARIL bath spouts have very advantageous flow rates that will fill your tub faster than you expect; only 5 minutes 30 seconds for 150 l!

BARIL

STYLE X FUNCTION

Bath spout laminator

This bath spout is equipped with a laminator that allows a beautiful crystal clear and splash-free stream.

High quality spray

The anti-limestone silicone nipples produce steady, soft and comfortable jets. One more reason to love them? They are easy to maintain! Simply rub the nipples with your fingertip to clean them.

BARIL

STYLE X FUNCTION

Ecological options (hand shower)

BARIL is supporting the environment by offering options to reduce the water flow thereby economising your water usage.

B80-110X-00-xx	B80-110X-00-xx-150
1.75 gpm - 60 psi 6,6 l/min - 60 psi	1.5 gpm - 60 psi 5,7 l/min - 60 psi

Easy Installation

Very sturdy installation thank to thick brass plates, with or without access underneath the floor. The installation can be made easily by a person alone (self-blocking screws). The direction of the spout versus the tub can be adjusted at the end of the installation. Then, simply slip down the flange and you are done!

BARIL

STYLE X FUNCTION

Inlet Hoses

Flexible inlet hoses easy to connect to the water inlets. They feature robust conical gaskets in the connection nuts.

Push-button Diverter

BARIL

STYLE X FUNCTION

Discreetly located on the back, the push-button diverter takes nothing away from the stream-lined look of the faucet. It can also be easily removed in one piece, which makes it easy to use and to maintain.
