

B95 LIB —

BARiL

STYLE × FUNCTION

The LIB Collection exhibits the LIBerty of water thanks to its waterfall open spout. This free movement of water is supported and enhanced by the perfectly structured and well balanced square lines of the faucet, acting like a frame for this free water flow. The LIB collection is the perfect alliance of shape and liberty.

High single hole lavatory faucet,
drain not included

BARiL

STYLE × FUNCTION

Flawless finish

Multiple finishes available to give a personal touch to your faucet. Made with best technologies available

Waterfall Laminator

Crystal clear, relaxing and soft to the touch water stream, with no splashing

High quality material

BARiL faucets last longer because they are forged of solid brass thicker than average

Refined design

Sharp edges and corners for an unparalleled square design

European cartridge

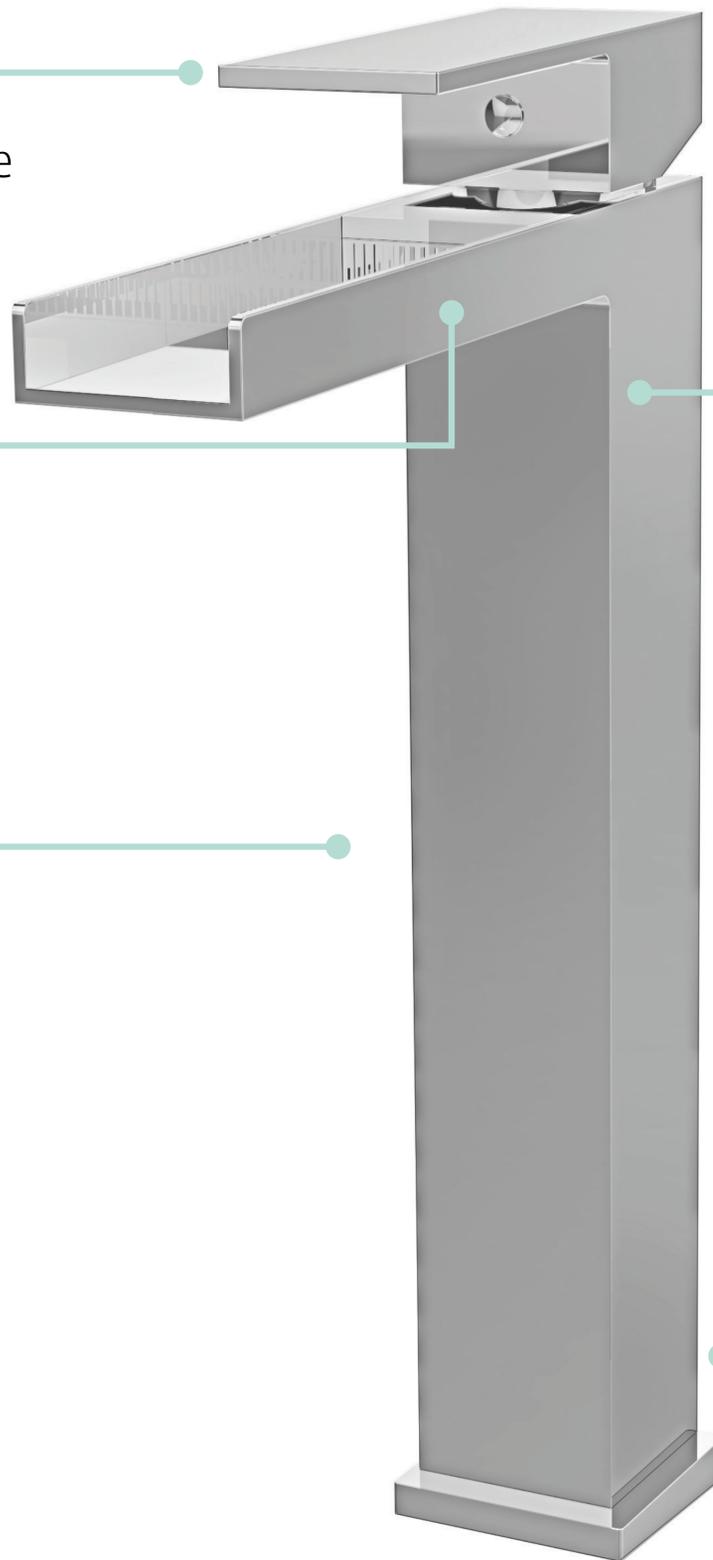

Made with high performance ceramic, this cartridge is amongst the most durable on the market

Streamlined look

BARiL uses push-button drains, therefore eliminating the need for an unsightly rod (drain to be ordered separately)

Easy installation

Very sturdy installation using 2 threaded rods with a special tightening tool included in the box

Chrome (CC)

Brushed Nickel (NN)

Waterfall Laminator

Our waterfall laminator distribute water steadily into the spout, resulting in a crystal clear, relaxing and soft to the touch water stream, with no splashing.

BARiL

STYLE × FUNCTION

Ecological Options

BARiL is supporting the environment by offering options to reduce the water flow thereby economising your water usage

Attention to Detail

BARiL faucets are designed with both style and function in mind. The slight inclination of the spout and the groove under the spout preventing water accumulation in the spout after usage are only one example of our dual design thinking.
