Smart Handle Design

The handle only rotates 15° towards the back to avoid knocking on the backsplash and to allow comfort of use even in minimum space.

The faucet opens on cold water when the handle is in upward position, allowing energy savings and avoiding risks of scalding.

Easy Installation

The installation of a BARiL faucet is very sturdy and simple, thanks to our threaded nut with easy-to-reach screws, even in tight location.

BARiL
STYLE X FUNCTION

Softpex Supply Lines

Corrosion and kink resistant, color coded. Swivel connection nuts to water inlets to facilitate the installation, and avoid twisting of the supply lines.

Ergonomic Faucet

Convenient to fill large pots and tall pitchers, BARiL faucets are designed to fit anywhere, on any sink configurations (single bowl, double bowls, etc.).
